June 4, 2021

Honorable Mayor, Board of Aldermen, and the Citizens of the City of Osage Beach:

The Comprehensive Annual Financial Report of the City of Osage Beach, Missouri (the City), for the fiscal year ended December 31, 2020, is herewith submitted. The information presented in the financial report is the responsibility of the City's management. The City Treasurer's Department prepared this report. Responsibility for both the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, rests with the City. The financial report conforms to the standards of financial reporting as set forth by the Governmental Accounting Standards Board (GASB) and the guidelines as recommended by the Government Finance Officers Association (GFOA). The City Treasurer's Department believes that the financial statements, supporting schedules, and statistical information fairly represent the financial condition of the City. We further believe that all presented data is accurate in all aspects and that all necessary disclosures have been included to enable the reader to gain a reasonable understanding of the City's financial affairs.

Generally accepted accounting principles require that management provide a narrative, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read with it. The City of Osage Beach's MD&A can be found immediately following the report of the independent auditors.

The Reporting Entity and Its Services

The City of Osage Beach, incorporated May 22, 1959, is a fourth-class city and political subdivision created and existing under the laws of the State of Missouri. The City is approximately 10 square miles in area and is in Camden and Miller Counties, Missouri. The City lies along the shores of Lake of the Ozarks, one of the largest man-made lakes in the world. The City has an estimated permanent population of 5,080; however, it is estimated that there are more than 240,000 visitors and second homeowners annually. The governing body consists of an elected six-member Board of Aldermen and a Mayor who in turn appoints a City Administrator, City Clerk, Police Chief, Building Official, City Treasurer, City Planner and City Attorney. Aldermen serve two-year terms, with three members elected every year. The Mayor is elected for a two-year term.

The City provides a full range of municipal services including streets, water, sewer, airports, engineering, public safety, ambulance services, and general administration.

The City offers its residents and visitors two City parks. Peanick Park is a 13-acre park with two ball fields, pavilions, basketball courts, a walking trail and playground facilities. It is located on the northeast side of town on Highway 42. The Osage Beach City Park is a 92-acre park surrounded by Lake of the Ozarks and Lake of the Ozarks State Park; it is located off Hatchery Road adjacent to the outlet mall. The Park has lake access, a stocked fishing pond, three soccer fields, sand volleyball courts, three pavilions, a playground and a Sports Complex complete with three 300' baseball/softball fields and concession facilities.

Utility service in the City is mixed between public and private companies. Water and sanitary sewerage utilities are operated by the City of Osage Beach. Water and sewerage rates are established to meet the total revenue requirements of the utilities. Natural gas is supplied by Summit Natural Gas of Missouri, electricity by Ameren Missouri. Both traditional and cellular phone service is provided by numerous companies. Commercial and residential trash service is provided by several local and non-local suppliers.

Media in Osage Beach is split between two television markets. While Camden County is part of the Springfield market, Miller County is part of the Columbia/Jefferson City market. Charter Communication's cable system carries stations from both markets. DirecTV and Dish carry Springfield stations.

Education in the City of Osage is provided by two public schools. Osage Beach Elementary (Camdenton R-III) and School of the Osage (Miller County R-II School District). Colleges and universities that serve the City are Columbia College, State Fair Community College and Central Methodist University.

Accounting System

Although legally separate from the City, the financial statements include its component units. The component unit is the Tax Increment Financing District responsible for encouraging development of commercial enterprises in the District. The District is fiscally dependent upon the City because the City must approve any debt issuances.

The diversity of governmental operations and the necessity for legal compliance preclude recording and summation of all financial transactions in a single accounting entity. The City's accounting system is therefore organized and operated on a fund basis, wherein each fund is a distinct and separate self-balancing entity.

The City's financial records utilize two bases of accounting. The modified accrual basis is followed by the governmental funds. Under this basis, revenues are recognized when measurable and available, and expenditures are recorded when the fund liability is incurred, except for interest on long-term debt. The accrual basis of accounting is utilized by proprietary funds. Consideration is given to the adequacy of internal accounting controls governing the financial transactions and records of the City. Internal controls are designed and developed to provide reasonable assurance that assets are safeguarded and that transactions are properly executed and recorded in line with management's policy and generally accepted accounting principles.

Budget Process and Control

Upon the completion of the July Financial Statements in early August, Department Managers begin working on their department's budget requests for the upcoming year along with estimated expenditures for the remainder of the current year. The City Administrator's Office projects and calculates the revenue and beginning balances for the upcoming year. Meetings with Department Managers are held, and adjustments are made based on revenue projections, cash flow calculations, and priorities set by the Mayor and Board of Aldermen, to ensure a balanced budget is presented for adoption. A balanced budget is defined as projected expenditures not exceeding projected revenue sources and cash availability, as required by Missouri State Statute.

Budgetary control is maintained at the fund level.

Local Economy

The City of Osage Beach is recognized as both a retail center and a tourist destination and we pride ourselves in being the heart of Lake of the Ozarks. The Lake of the Ozarks was awarded Best Recreational Lake by USA Today readers. Osage Beach is part of the ever-growing and popular lake community, supporting a vital economy along with growing diversity in its economic base. While both population and local economic activity continue to peak in the summer season, the increasing number of second homeowners, the expansion in retail goods and the promotion of non-peak activities is smoothing out the sharpness of the peaks.

Long-term Financial Planning and Policies

On December 1, 2016, the Board of Aldermen approved Bill 16-85 – Ordinance of the City establishing Section 135.020.C. Reserves. This section was added to the City's code of ordinances adopting reserve target levels for most funds. The Reserve Policy outlines fund reserve target levels for the General Fund, Transportation Fund, Water and Sewer Combined Fund, Ambulance Fund, Lee C. Fine Airport Fund, and the Grand Glaize Airport Fund.

Capital expansion projects that are not funded through debt service but are high on the priority list are in the current year's budget. If the project lacks enough funds, the project will be carried into the next year's budget with funds added until enough funds are available to complete the project.

Reporting Standards and Formats

The standards used to formulate and present the content of this Comprehensive Annual Financial Report were set forth by the Governmental Accounting Standards Board (GASB), which incorporates the statements and interpretations of the National Council on Governmental Accounting (NCGA) until modification is deemed necessary. The GASB has also promulgated acceptance of certain standards as set by the American Institute of Certified Public Accountants (AICPA) in the guide for "Audits of State and Local Governmental Units." Guidance for illustrative interpretation was obtained by use of the 2012 "Governmental Accounting, Auditing and Financial Reporting" (GAAFR), published by the Government Finance Officers Association (GFOA).

Major Initiatives

Annually, the Mayor and Board of Aldermen meet mid-year for a strategic planning session to outline priorities and initiatives to achieve superior services to our community and City employees. The Board's priorities include transportation; capital planning; identifying and using financial resources; identifying tools and resources to invest in services and internal development; maintaining appropriate reserves; and paying off debt.

The following summary is being provided so the reader can get a quick overview of initiatives realized from year 2017 and forward.

Economic Development – September 19, 2019, the Board of Aldermen approved Ordinance 19.57 establishing selected fee reimbursement provisions to encourage residential development of projects or property where traditional economic development tools are insufficient or inapplicable to support or encourage the project. To be considered, the project would need a minimum of twenty new single-family or forty multi-family units with limits to the price per unit. Fees that could be considered for reimbursement are water impact, sewer development, building permit, site development and demolition permit. To date there has been interest but no projects eligible for the reimbursement.

TSG Osage Beach, LLC Tax Increment Financing (TIF) – City Ordinance 17.43 adopted the The Staenberg Group (TSG), TIF Plan as amended with recommendations from the Osage Beach TIF Commission on May 11, 2017. The project will redevelop the 14-acre site previously known as The Golden Door motel, Jake's Steak and Fish restaurant and two abandoned single-family homes. The financing proposed for this TIF is a "pay as you go" plan. The developer's investment is proposed to be \$30,500,000. The approved reimbursable project cost is estimated at \$4,550,000 which is 14.9% of the total project costs. This project was expected to start in 2020. Due to the COVID-19 pandemic, the deadline for substantial completion of the project was extended to September 21, 2021. In December 2020, (TSG) announced that a 50,000 square foot Hobby Lobby will be coming to the shopping center. It will break ground in 2021 with an estimated opening date of Summer 2022.

Police - On December 19, 2019, the Board of Aldermen authorized the purchase of 911 center radio consoles, mobile radios, and portable radios in an amount not to exceed \$717,409. This expenditure will be divided between Police, 911 Center, and Ambulance and will be spread over a three-year period, through a lease purchase agreement. The first of three payments were made in January 2020 and the last will be January 2022. The service agreement is included in the total cost. This purchase is high priority because existing equipment is becoming obsolete and replacement parts are difficult to locate. The technology associated with this purchase will allow for better communication internally as well as with other government agencies.

Transportation – Street improvement projects, including engineering, land purchases, and streetlights, totaling \$2,020,000, are included in the 2021 budget. This includes Mace Road Phase 2B (\$953,000). In a joint effort with the City, the Special Road District will reimburse the City \$440,000 for projects that benefit the District (Autumn Lane, Wren Drive, Ledges, and Executive Drive extension). The City provides the administrative and engineering services, and the Special Road District provides the construction funds for the various projects.

Transportation – January 7, 2021, the Board of Aldermen approved Ordinance 21.01 to execute the Missouri Highway and Transportation Commission Cost Share Agreement for Project Number J5S3508, the extension of Osage Beach Parkway. This project's \$400,000 estimated cost is included in the 2021 budget with funding of \$100,000 by the Special Road District, received in December 2020 and currently being held by the City. This cost share program funds 50% of eligible costs for the extension of Osage Beach Parkway from the current terminus at Lazy Days Road to Executive Drive. Total liability for the City under this agreement is not to exceed \$195,395. Design of the project is scheduled for 2021 and final construction in 2022.

Water - Water projects, including engineering and land purchases totaling \$60,000, are included in the 2021 budget. This includes \$5,000 for new water connections and \$55,000 to pay for unserved area infrastructure.

Sewer - Sewer improvement projects totaling \$617,500 are in the 2021 budget. This includes engineering, various lift station improvements and unserved area infrastructure.

Sewer – The City applied for and received a Sceap Grant not to exceed \$50,000. The City will utilize the grant to fund a study of sewer issues in the Tan Tar A sewer system. This project will include, but not limited to camera work of 10,000 feet of line, inspection of 170 to 200 manholes, smoke testing, check for damaged lines and an environmental impact study.

Lee C. Fine Airport – April 2, 2020, the Board of Aldermen authorized the Mayor to execute the Missouri Highways and Transportation Commission State Block Grant Agreement for Lee C. Fine Airport, Apron Project Number AIR20-046B, to design and construct terminal apron reconstruction and realignment of taxiway B. This grant reimburses the City for the project through the Federal Aviation Administration passing through the Missouri Department of Transportation Aviation. The City will be reimbursed 95% of the cost of this project. The estimated total of this project is \$4,000,000; the City's portion is estimated to be \$200,000 and will start in 2021.

Single Audit

The City of Osage Beach is required to undergo an annual single audit in conformity with the provisions of the Single Audit Act of 1984 and related amendments and Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, if the City spends \$750,000 or more in federal funding. In 2020, the City spent \$454,803 in federal funding; therefore, a single audit was not performed.

Independent Audit

The City's financial statements have been audited by Cochran Head Vick & Co., P.C., a firm of licensed certified public accountants. The purpose of the audit conducted by Cochran Head Vick & Co. was to provide reasonable assurance that the City's financial statements for the fiscal year ended December 31, 2020, are free of material misstatements. The independent audit involves examining, on a test basis, evidence supporting the amounts and disclosures in the government-wide and fund financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The auditors gave an unmodified opinion for the year ended December 31, 2020, which can be found in the first report on the financial section of this document.

Awards

The Government Finance Officers Association of the United States and Canada awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Osage Beach for its Comprehensive Annual Financial Report for the fiscal year ended December 31, 2019. This was the twenty-first year that the City of Osage Beach has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized Comprehensive Annual Financial Report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current Comprehensive Annual Financial Report continues to meet the Certificate of Achievement program requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

Acknowledgments

The preparation of this report on a timely basis could not have been accomplished without the efficient and dedicated service of many City employees. I want to especially express my appreciation to the City Treasurer's staff for assisting and contributing with its preparation.

Finally, I would like to acknowledge the Mayor, Board of Aldermen, and the City Administrator for their support in planning and conducting the financial operations of the City in a professional and progressive manner.

Respectfully submitted,

To the Honorable Mayor and Board of Aldermen
of the City of Osage Beach, Missouri

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, and each major fund of the City of Osage Beach, Missouri (the City) as of and for the year ended December 31, 2020, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to the financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, and each major fund of the City as of December 31, 2020, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, Schedule of Changes in Total Other Post Employment Benefits (OPEB) Liability and Related Ratios as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The introductory and statistical sections are presented for purposes of additional analysis and are not a required part of the financial statements.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 4, 2021, on our consideration of the City's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

City of Osage Beach, Missouri Management Discussion and Analysis December 31, 2020

This section of the City of Osage Beach's (the City) annual financial report presents a review of the City's financial activities for the fiscal year ended December 31, 2020. We encourage readers to consider the information presented here in conjunction with the accompanying transmittal letter, the basic financial statements, and the accompanying notes to those financial statements.

FINANCIAL HIGHLIGHTS

- The assets and deferred outflows of the City of Osage Beach exceeded its entity-wide liabilities and deferred inflows at the close of the fiscal year by \$92,683,504 on the government-wide statements.

Of this amount, \$74,760,833 represents net investment in capital assets; \$10,714,870 is restricted; and the remaining \$7,207,801 may be used to meet the City's ongoing obligations to citizens and creditors.

- The City's total net position increased by \$40,107 from 2019. This is a combined total of a decrease of \$895,692 from the City's governmental activities and an increase of \$935,799 from the business-type activities.
- The decrease in governmental activities of \$895,692 (2%) was \$544,584 less than the decrease of \$1,440,276 in 2019. Expenses decreased slightly and total program revenue decreased 42% due to zero capital grants being received by the City, during 2020.
- The City's gross sales tax (on cash basis) increased 3.3% from \$4,804,272 in fiscal year 2019 to \$4,960,077 (General Fund) in fiscal year 2020.
- To promote economic development, the City continued its partnership for a sixth year with the Tri-County Lodging Association to promote the City of Osage Beach through an advertising campaign. Other social events such as the Annual Easter Egg Hunt and National Night Out were cancelled due to COVID-19.
- On May 7, 2020, the Board approved a COVID-19 Economic Rebate Plan, in response to the Coronavirus pandemic to allow certain rebates on water and sewer bills for customers purchasing goods and services from businesses within the City limits. During this three-month program, the City issued a total of \$31,905 in rebates to customer accounts.
- On September 3, 2020, the Board approved equipping all twenty-two (22) of the City's Officers with tasers for the first time. This \$60,456 purchase was a result of a recommendation included in the Police Operations and Data Analysis contracted by the City and is expected to reduce injuries to both the Officers and suspects.
- COVID-19 –The City prepared for the impact of COVID-19 by reducing both operating and capital expenditures for fiscal year 2020 but ended the year with sales tax increasing over the previous year. Through the Coronavirus Aid, Relief, and Economic Security (CARES) Act (2020), the City's General Fund received \$98,800, Ambulance Fund received \$83,858, Lee C Fine Fund received \$20,000 and Grand Glaize Fund received \$20,000.

OVERVIEW OF FINANCIAL STATEMENTS

The financial reports consist of the management's discussion and analysis, the basic financial statements, required supplementary information and statistical information.

The basic financial statements include two kinds of statements that present different views of the City. The first statements are government-wide financials that provide both long-term and short-term information about the City's overall financial status. These statements are prepared on a full accrual basis of accounting to present information in a more corporate-like presentation on individual parts of the government. The remaining statements are the fund financials that focus on individual parts of City government and report more detail.

Required Components of the Annual Financial Report

Basic Financial Statements

The first two statements in the basic financial statements are government-wide financial statements (the Statement of Net Position and the Statement of Activities). The government-wide financial statements are designed to provide the reader with a broad overview of the City's finances, similar in format to a financial statement of a private-sector business. The government-wide statements provide short and long-term information about the City's financial status.

The next statements are the fund financial statements. These statements focus on the activities of the individual parts of the City's government. These statements provide more detail than the government-wide statements. There are two parts to the fund financial statements: 1) the governmental funds statements and 2) the proprietary funds statements.

The next section of the basic financial statements is the notes to the basic financial statements. The notes to the financial statements explain in detail some of the data contained in those statements. After the notes, required supplemental information is provided to show details about the City's performance relative to the budget and schedules of other post-employment benefits.

Government-Wide Financial Statements

The government-wide financial statements present the financial picture of the City from the economic resources' measurement focus using the accrual basis of accounting. The statements present governmental activities and business-type activities, as well as the City's component unit separately. These statements include certain infrastructure as well as all known liabilities (including long-term debt). Additionally, certain eliminations have occurred as prescribed by the statement regarding inter fund activity, payables, and receivables.

The statement of net position and the statement of activities report the City's net position and the resulting changes. Net position is the difference between assets and deferred outflows of resources and liabilities and deferred inflows of resources, which is one way to measure the City's financial health or financial assets.

Over time, increases or decreases in the City's net position is a useful indicator of whether its financial position is improving or deteriorating. Other non-financial factors to consider when assessing the overall health of the City are changes in the City's sales tax base and the condition of the City's capital assets (roads, buildings, and water and sewer lines).

The statement of activities distinguishes the City's functions that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a portion of their costs through user fees and charges (business-type activities).

Governmental activities – Most of the City's basic services are reported in this category, including General Administration, Finance, Public Safety, Transportation and Parks. Sales taxes, franchise fees, user fees, interest income, and grants that finance these activities.

Business-type activities – The City charges fees to customers to cover most of the cost of services it provides. The Combined Water and Sewer Fund, Ambulance Fund, Lee C. Fine Airport Fund and Grand Glaize Airport Fund are reported in this activity.

Component Unit – The City's component unit activities are reported in this category.

Fund Financial Statements

The City uses two types of funds to manage its resources: governmental funds and proprietary funds. A fund is a fiscal entity with a set of self-balancing accounts recording financial resources, together with all related current liabilities and residual equities and balances, and the changes therein. These accounting entities are separated for the purpose of carrying on specific activities or attaining certain objectives in accordance with regulations, restrictions, or limitations.

Governmental Funds – Most of the City’s basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund financial statements provide a detailed short-term view of the City’s general governmental operations and the basic services it provides. Governmental fund information helps determine whether there are more or fewer financial resources that can be spent soon to finance the City’s programs. The relationships or differences of activities reported in the Governmental Fund Financial Statements versus that reported in the Government-Wide Financial Statements are explained in the reconciliation schedules following the Governmental Fund Financial Statements.

Proprietary Funds – When the City charges customers for the services it provides to cover the cost of operations, these activities are generally reported in proprietary funds. Proprietary funds are reported in the same way that all activities are reported in the government-wide statement of net position and the statement of activities. In fact, the City’s enterprise funds are the same as the business-type activities reported in the government-wide statements but provide more detail and additional information, such as cash flows for proprietary funds.

Notes to the Basic Financial Statements – The notes provide additional information essential for a full understanding of the data provided in the government-wide and fund financial statements.

Other Information – In addition to the basic financial statements and accompanying notes, this report includes certain required supplementary information concerning budgetary comparison schedules for the major governmental funds and schedule of changes in total OPEB liability.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As mentioned earlier, net position may serve as a useful indicator of the City’s financial position. At the close of December 31, 2020, the City of Osage Beach’s assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$92,683,504. The largest portion of the City’s net position, \$74,760,833 (81%), reflects its investment in capital assets (i.e., land, buildings, machinery, and equipment) less any related debt used to acquire those assets that is still outstanding. The 81% of capital assets has not changed from 2019. This reflects the City’s balanced approach in spending to operate versus investment in capital assets. The City of Osage Beach uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City of Osage Beach’s investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources since the capital assets themselves cannot be used to liquidate these liabilities.

The following table reflects the condensed Statement of Net Position as of December 31, 2020 and December 31, 2019:

**CITY OF OSAGE BEACH

For the year ended December 31, 2020, the City's governmental activities net position decreased by \$895,692. This amount was less than the 2019 decrease of \$1,440,276 because expenses were delayed and work force reduction occurred due to COVID-19. The City's business-type activities net position increased by \$935,799 primarily due to a decrease in expenses from 2019.

The following table reflects the revenues and expenses from the City's activities for the years ended December 31, 2020 and 2019:

**CITY OF OSAGE BEACH

Governmental Activities

Governmental activities decreased the City's net position by \$895,692.

- Sales taxes increased \$493,707 due to an economic rebound that occurred in the third and fourth quarter of the year.
- Capital grants decreased \$467,738 because of the completion of park and sidewalk project in 2019.
- Investment earnings decreased \$51,153 due to lower interest rates; account balances remained steady for the year.
- Administrative charges increased \$468,000 because of moving engineering services from Transportation, Water, and Sewer to General Fund.
- General government expenses increased \$213,901 primarily due to the movement of engineering from the three public works departments to General Fund.
- Public Safety decreased \$16,519 primarily due to personnel vacancy issues.
- Information technology decreased \$83,447 primarily due to the replacement of vacancies with maintenance contracts.
- Parks and recreation decreased due to the closing of both City parks for a period, during the COVID-19 shut-down.

The following table shows expenses and net cost of the governmental activities for the year ended December 31, 2020. The purpose of this table is to measure gross expenses against charges for services and grants and other funding.

CITY OF OSAGE BEACH NET COST OF GOVERNMENTAL ACTIVITIES

	Total Cost of Services	Net Cost of Services
General government	\$ 3,260,006	\$ 2,975,138
Public safety	3,135,205	2,930,836
Parks and recreation	678,970	595,470
Information technology	414,131	414,131
Streets and highways	4,294,964	4,267,229
Interest on long-term debt	4,624	4,624
	<u>\$ 11,787,900</u>	<u>\$ 11,187,428</u>

As previously noted, expenses from governmental activities totaled \$11,787,900. However, net costs of these services were \$11,187,428. The difference represents direct revenues received from charges for services of \$460,198 and operating grants of \$140,274. Operating grants and contributions include overtime reimbursements associated with DWI programs and contributions for the City's events. Net costs of services increased \$364,533 from last year primarily due to general government expenses decreasing as a result of the City reducing overall expenses in preparation of the uncertainty associated with the COVID-19 shut-down and \$467,738 in capital grants received in 2019.

Business-Type Activities

Business-type activities net position increased by \$935,799. Total revenues decreased \$1,535,944 (19%) and total expenses decreased \$671,604 (8%) compared to the prior year. Operating grants remained steady, but capital grants and contributions decreased \$1,286,580 or 83%. This decrease is a result of the Lee C. Fine Airport taxiway reconstruction project being substantially complete in 2019. Water and Sewer State Revolving grants (interest subsidy) are less due to the decline in the principal balance; also, interest expense declined \$77,047. Total charges for services and rental income decreased \$226,393 (4%) from \$5,911,563 in 2019 to \$5,685,170 in 2020.

FINANCIAL ANALYSIS OF THE CITY'S MAJOR FUNDS

As noted earlier, the City of Osage Beach uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

The focus of the City of Osage Beach's governmental funds is to provide information on near-term inflows, outflows, and balances of usable resources. Such information is useful in assessing the City of Osage Beach's financial requirements.

General Fund – The General Fund is the main operating fund of the City of Osage Beach. The General Fund includes legislative expenditures, General Administration, City Attorney, Municipal Court, City Treasurer, City Clerk, Building Official, Police, Communications, Parks, Economic Development, Planning, and Information Technology activities for the City. All these activities are provided to and benefit all the citizens equally and equitably. This area tends to work on the quality of life and the protection of the citizens and assets of the citizens as a group. At the end of the current fiscal year, total fund balance of the General Fund was \$3,038,263, an increase of \$176,688 over the beginning balance of \$2,861,575. General Fund total revenues increased 9%, the two largest increases are from sales tax (5%) and charges for services (156%). Also, General Fund received \$98,800 in COVID-19 relief funds. Charges for services increased, is a result of engineering moving from Transportation, Water, and Sewer to General Fund. General Fund expenditures increased 17% for the year. This increase also reflects the move of the engineering department and the purchase of a new 911 communication system. The unassigned General Fund balance at year-end was \$2,848,993.

Transportation Fund – This fund is established pursuant to the Missouri Constitution Article IV, Section 30(a)(2) [State Gas Tax], Revised Missouri Statutes 94.745 (City ½ cent sales tax). It is used for transportation purposes within the City of Osage Beach. This fund provides for the maintenance and expansion of transportation needs of our citizens. Included in this fund are repair and maintenance of the existing public road system and upgrades to the local transportation system. At the end of the current fiscal year, total fund balance of the Transportation Fund was \$4,929,480, a decrease of \$132,185 from the beginning balance of \$5,061,665. Transportation Fund total revenues decreased 10% primarily due to operating grants and contributions as sidewalk projects were completed in 2019. Expenditures decreased 16% due to a combination of COVID furloughs, work force reduction, vacancies, and reduced construction activity. The Transportation Fund balance was restricted for highways and streets at year-end other than the nonspendable portion of \$9,222 which related to prepaid items and \$13,435 which is invested in inventory. The restricted fund balance of \$4,906,823 reflects the City's goal to plan, save and complete construction projects and future street/sidewalk projects.

Capital Improvement Sales Tax Fund – This fund is established as required under the Revised Missouri Statutes 94.577. The monies collected here are from a ½ cent general sales tax. The Mayor and Board of Aldermen, by ordinance, have committed these funds to help offset the debt service cost of the water and sewer system. As of the close of the current fiscal year, the City of Osage Beach’s Capital Improvement Sales Tax Fund reported an ending fund balance of \$2,031,474, an increase of \$600,560 from the beginning balance of \$1,430,914. The Capital Improvement Sales Tax Fund balance was restricted for capital improvements/debt service at year-end. The fund balance increase was primarily due to decreases in transfers to the Water Fund; no transfers were made to the Sewer Fund during the year.

General Fund Budget Highlights – Each fiscal year, the City formally adopts its budget prior to the beginning of the fiscal year. If necessary, the original budget is amended to appropriate unspent funds before the current fiscal year ends. The total original expenditure budget of \$7,599,199 was amended to \$7,708,625 during the fiscal year. On a budgetary basis, which can be found in the Required Supplementary Information, the revenues and other sources compared to expenditures and other uses, resulted in an increase of \$176,688 in fund balance. Actual revenues were greater than budgeted revenue by \$79,020, primarily due to sales tax and intergovernmental revenues exceeding budgeted revenues. Actual expenditures were under the budgeted amount by \$607,997. The decline in spending is a result of the City Administrator, with the support of the Mayor and Board of Aldermen, to cut spending by 15% due to the uncertainty of the COVID-19 pandemic.

Proprietary Funds

Combined Water and Sewer Fund – The Sewer Fund was created in 1985 to track revenues and expenses associated with the operation of the sewer system. A City water system was started in 1998 and changed the Sewer Fund into a combined fund. This fund was established under the bond ordinances to segment the operations of the combined Water and Sewer Fund from other activities of the City. The combined Water and Sewer Fund is based on a user fee system where the individuals and businesses utilizing the services pay a fee based upon a portion of the estimated cost of operation of the water and sewer utilities. This fee is subsidized by transfers in from the Capital Improvement Sales Tax Fund to offset debt service costs. At the end of the current fiscal year, total net position of the Water and Sewer Fund was \$42,899,625, an increase of \$739,377 over the beginning balance of \$42,160,248. The increase in net position is primarily due to Capital Improvement Sales Tax Fund transfers. Transfers of \$1,400,000 were the same as 2019. The unrestricted net position in the Water and Sewer Fund at year-end was \$3,942,775.

Ambulance Fund – This fund was established by Board directive in order to track the costs of ambulance service to the citizens of Osage Beach. The City of Osage Beach began operating an ambulance service in 1984. The fund receives its revenues from user fees. Fees are not enough to cover the cash flow of operation, nor do they cover the non-cash cost (depreciation). The differences in cash payouts are made up by transfers from the General Fund. At the end of the current fiscal year, total net position of the Ambulance Fund was \$259,642. The unrestricted Ambulance Fund net position at year-end was \$190,052, an increase of \$82,340. Charges for services increased 4% and the Ambulance department received \$83,858 in Cares Act Funds. Operating expenses decreased 6% due to work force reduction. No rate increases were approved during the year. Although the operating loss was less for the year, transfers from the General Fund of \$300,000 were necessary.

Lee C. Fine Airport Fund – This fund was established in 1999 by Board directive in order to track the costs of airport service to the public. The fund receives its revenues from user fees. The differences in cash payouts are made up by transfers from the General Fund or the Transportation Sales Tax Fund. At the end of the current fiscal year, the total net position balance of the Lee C. Fine Airport Fund was \$6,931,815, an increase of \$95,435 from the beginning balance of \$6,836,380. The net position increase is a result of apron reconstruction project completion and paid for with grant funds. The unrestricted net position of the Lee C. Fine Airport Fund at year-end was \$323,191. The Transportation Sales Tax Fund transferred \$52,000 of funds to support the 10% grant-match needed for the capital construction project.

Grand Glaize Airport Fund – This fund was established in 1999 by Board directive in order to track the costs of airport services to the public. The fund receives its revenues from user fees. The differences in cash payouts are made up by transfers from the General Fund or the Transportation Fund. At the end of the current fiscal year, total net position of the Grand Glaize Airport Fund was \$1,038,574, an increase of \$18,647 from the beginning balance of \$1,019,927. The unrestricted net position of Grand Glaize Fund at year-end was \$90,480. The Transportation Sales Tax Fund transferred \$107,000 to offset the operating loss of \$88,858.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

The amount invested in capital assets for the City as of December 31, 2020, was \$84,444,337, net of accumulated depreciation. This amount includes all infrastructure assets acquired during 2020 and prior years (construction in progress) street infrastructure. Capital assets decreased \$2,312,838 during the year. This change reflects that depreciation expenses exceeded current year additions in both governmental activities and business-type activities. The following chart breaks down the City's capital asset balance into various categories of assets. Additional information regarding the City's capital assets can be found in Note 5.

CITY OF OSAGE BEACH CAPITAL ASSETS

Capital assets, net of accumulated depreciation

	Governmental Activities		Business-type Activities		Total

Total	\$ 32,363,206	\$ 33,323,963	\$ 52,081,131	\$ 53,433,212	\$ 84,444,337	\$ 86,757,175

Major capital asset transactions during the year included the following:

- The Park Department purchased a utility vehicle for \$14,886.
- Information Technology purchased two firewall services equipment for \$3,273 each. One year maintenance was also purchased separately. This equipment benefits all City departments.
- The City replaced its 1997 main entrance sign and electronic message center at a cost of \$30,702.
- The Police, 911 Communication and Ambulance Departments purchased new 911 Center radio consoles, mobile radios, and portable radios under a three-year lease to purchase at a principal cost of \$709,909.
- City Hall reception area glass was replaced with bullet resistant glass for \$58,800.
- Police Department purchased 22 tasers at a total cost of \$60,456.
- For Transportation projects, the City completed construction of Mace Road Phase IIA and started engineering for Mace Road Phase IIB. Dude Ranch Road and Osage Beach Parkway sidewalk projects were completed during the year. Also, Cove Road storm water project was completed. Total infrastructure projects totaled \$1,579,869.
- Transportation purchased a new zero turn mower for \$9,199 and two radar speed signs totaling \$8,700.
- Water projects included exterior maintenance of the Swiss Village tower for \$20,000. Infrastructure projects included completion of well #4 Swiss Village, west side well engineering, and water meters. Total cost was \$911,307.
- Sewer Department purchased a new jetter truck for \$144,098 and a mini-excavator for \$66,924.
- For the Sewer Department, various lift-station improvements and upgrades, along with purchases of sewer pump replacement inventory, totaled \$434,611.
- Transportation, Water and Sewer combined funds purchased a pintle hitch trailer for \$13,900 and a 12” auger attachment for the mini-excavator for \$2,450.
- Phase II taxiway reconstruction at the Lee C. Fine Airport was completed during the year and engineering for Apron reconstruction was near completion. Total infrastructure added to capital assets during the year was \$1,936,562; 95% of this was reimbursed through grant funding.

Debt Administration

The gross debt on December 31, 2020, was \$9,506,092, a decrease of \$2,268,908 compared to 2019. The debt consists of Sewerage and Waterworks Revenue Bonds and a capital lease obligation. The final payoff year for the bonds is 2026.

CITY OF OSAGE BEACH OUTSTANDING DEBT

	Outstanding Obligations					
	Governmental Activities		Business-type Activities		Total	
	2020	2019	2020	2019	2020	2019
Revenue bonds	\$ -	\$ -	\$ 9,035,000	\$ 11,775,000	\$ 9,035,000	\$ 11,775,000
Capital lease	427,281	-	43,811	-	471,092	-
Total	\$ 427,281	\$ -	\$ 9,078,811	\$ 11,775,000	\$ 9,506,092	\$ 11,775,000

Missouri statutes limit the amount of general obligation debt that a unit of government can issue to twenty percent of the total assessed value of taxable property located within the City's boundaries. The legal debt limit for the City of Osage Beach was \$58,882,312. Additional information regarding the City's long-term debt can be found in Note 6 of this report.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

The City of Osage Beach's permit activity remained steady compared to past years. At the end of 2020, the City issued 543 (down 15% from 2019) business licenses to various businesses; 468 contractor's licenses; 69 liquor licenses; 3 taxi licenses; and 9 dog licenses. The Building Inspection Department issued 48 commercial permits and 102 residential permits, representing investment in our community of \$10,017,133.

With interest rates remaining relatively low and inflation at a moderate level, the City of Osage Beach expects continued investment into the community by new and existing businesses through various expansions as seen during 2020.

The unemployment rate for the City of Osage Beach was 6.7% (Camden and Miller County average) on December 31, 2020, which is higher compared to last year's rate of 4.1%. This rate is higher than the State's average unemployment rate of 4.4% and the same as the national average of 6.7%.

The above factors were considered in preparing the City of Osage Beach's budget for the 2021 fiscal year.

The City of Osage Beach has appropriated \$7,833,974 for spending in the General Fund 2021 budget. Compared to the 2020 actual of \$7,400,628, budgeted expenditures and transfers will increase 6%. Of the total appropriated in General Fund, \$328,513 is budgeted for capital expenditures and \$216,908 is the second-year payment of a three-year lease purchase for 911 communication equipment. The budget includes a 1.5% increase in sales tax revenue during the 2021 fiscal year compared to estimated revenue in 2020. Merit increases will be granted to employees in 2021 based on the Matrix Plan and employee job performance. The General Fund's capital expenditures include 911 Center radio consoles (1/3) and improvements to the City Hall's elevator and sidewalks.

There are no rate increases in the 2021 Operating Budget.

REQUESTS FOR INFORMATION

This financial report is designed to provide the reader a general overview of the City's finances. Questions or requests for more information concerning any of the information provided in this report should be directed to Karri Bell, City Treasurer (kbell@osagebeach.org), City of Osage Beach, 1000 City Parkway, Osage Beach, Missouri 65065, or call (573) 302-2000 extension 1030.

CITY OF OSAGE BEACH, MISSOURI
Reconciliation of the Balance Sheet - Governmental Funds to the Statement of Net Position
December 31, 2020

Fund balances of governmental funds	\$	9,999,217
-------------------------------------	----	-----------

Amounts reported for governmental activities in the statement of net position are different because:

Capital assets used in governmental activities are not financial resources and therefore are not reported in the governmental fund statements.		32,363,206
--	--	------------

Deferred outflows and inflows related to OPEB activity are not required to be reported in the governmental funds but are required to be reported in the statement of net position		(14,254)
---	--	----------

Liabilities for interest on long-term debt are recognized only when due in the governmental fund statements but are accrued in the government-wide statements.		(4,334)
--	--	---------

The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction has any effect on net position. Also, governmental funds report the effect of premiums, discounts and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items:

Accrued compensated absences		(201,442)
Other post employment benefit obligations		(161,264)
Capital lease, net		(427,281)
Net position of governmental activities	\$	<u>41,553,848</u>

CITY OF OSAGE BEACH, MISSOURI
Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances -
Governmental Funds to the Statement of Activities
For the Year Ended December 31, 2020

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balances - total governmental funds	\$ 645,063
Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.	
Capital outlay costs in excess of capitalization threshold	2,049,056
Depreciation	(3,007,000)
Disposal of capital assets	(2,813)
Revenues in the statement of activities that do not provide current financial resources are reported as deferred inflows in the governmental funds.	(57,296)
The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction has any effect on net position.	
Principal payments and adjustments on long-term debt	216,606
Proceeds from issuance of capital lease	(643,887)
Changes in accrued interest expense	(4,334)
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.	
Change in compensated absences and net OPEB obligations	<u>(91,087)</u>
Change in net position of governmental activities	<u><u>\$ (895,692)</u></u>

See accompanying notes to the basic financial statements

See accompanying notes to the basic financial statements

City of Osage Beach, Missouri
Notes to the Basic Financial Statements
December 31, 2020

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of significant accounting policies employed in the preparation of the accompanying financial statements, as presented on the basis set forth in Governmental Accounting Standards Board (GASB) Statement No. 34, *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments*.

A. Reporting Entity

The City of Osage Beach, Missouri (the City) was incorporated in 1959 and covers an area of approximately ten square miles in Camden and Miller Counties, Missouri. The City is governed by an elected Mayor and an elected six-member Board of Aldermen, who in turn appoint a City Administrator, City Clerk, Police Chief, Building Official, City Treasurer, City Planner, City Engineer and City Attorney. The City provides services to its more than four thousand residents in many areas including: law enforcement, water and sewer services, ambulance, airports, and economic development. These services do not include education, which is provided by separate governmental entities.

The basic financial statements of the City include all of the funds relevant to the operations of the City. The financial statements presented herein do not include agencies which have been formed under applicable state laws or separate and distinct units of government apart from the City that have been determined not to be component units as defined by GASB Statement No. 61, *The Financial Reporting Entity: Omnibus*.

Component units are legally separate organizations for which the elected officials of the primary government are financially accountable. Financially accountable means the primary government is able to impose its will or the component unit may provide financial benefits or impose a financial burden on the primary government. In addition, component units can be other organizations for which the nature and significance of the relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading if excluded.

As required by generally accepted accounting principles, the City has evaluated the above criteria to determine whether any other entity meets the definition of a component unit and must be included in these financial statements. The Tax Increment Financing District (the District) is responsible for encouraging development of commercial enterprises in the District. The members of the District's governing board are appointed by various political subdivisions which levy taxes in the District. The City is financially accountable for the District as the City appoints a voting majority to the District's governing board and is able to impose its will on the organization through approval or rejection of plans and projects recommended by the District's governing board.

The District is presented as a discretely presented component unit in the basic financial statements. The District maintains only one fund, a governmental fund type, and does not issue separately prepared financial statements.

B. Fund Accounting

The government-wide financial statements (i.e. the statement of net position and the statement of activities) report information on all of the City. The effect of interfund activities has been removed from these statements. Interfund services provided and used are not eliminated in the process of consolidation. Governmental activities, which normally are supported by taxes, intergovernmental revenues, and other non-exchange transactions, are reported separately from business-type activities, which rely to a significant extent on fees and charges to external parties.

City of Osage Beach, Missouri
Notes to the Basic Financial Statements
December 31, 2020

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate fund financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds and major individual proprietary funds are reported as separate columns in the fund financial statements. Each individual fund of the City is considered to be a major fund.

The City uses funds to report its financial position and results of its operations in the fund financial statements. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities. A fund is a separate accounting entity with a self-balancing set of accounts. Funds are classified into three categories: governmental, proprietary and fiduciary. The City has no fiduciary funds.

The City reports the following major governmental funds:

General Fund – This fund is the general operating fund of the City. It is used to account for all financial resources except those required to be accounted for in another fund.

Transportation Sales Tax Fund – This special revenue fund accounts for funds provided from a one-half of one percent sales tax restricted as to use for ongoing maintenance and construction of streets.

Capital Improvement Sales Tax Fund – This special revenue fund accounts for funds provided by a one-half of one percent sales tax restricted as to use to subsidize debt service for the water and sewer systems. In addition, this fund may be used in the future for other capital projects, as voter approved.

The City reports the following major proprietary funds:

Water and Sewer Fund – This enterprise fund accounts for the provision of water and sewer services to the residents of the City. All activities necessary to provide such services are accounted for in this fund, including, but not limited to, administration, operations, maintenance, financing and related debt service, and collection.

Ambulance Fund – This enterprise fund accounts for the operation of the City's ambulance response service.

Lee C. Fine and Grand Glaize Funds – These enterprise funds account for the operation of the City's two airports.

C. Measurement Focus, Basis of Accounting and Financial Statement Presentation

Government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements. Revenues are recorded when earned, and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

City of Osage Beach, Missouri
Notes to the Basic Financial Statements
December 31, 2020

The governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collected within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60-days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, interest and principal on general long-term debt are recognized when due.

Sales tax, franchise tax, interest, and revenues from other governmental units associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the government.

All proprietary funds are accounted for using the accrual basis of accounting. These funds account for operations that are primarily financed by user charges. The economic resource measurement focus concerns determining costs as a means of maintaining the capital investment and management control. Their revenues are recognized when they are earned, and their expenses are recognized when they are incurred. Allocations of costs, such as depreciation, are recorded in proprietary funds.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's ongoing operations. Operating expenses include the costs of services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

The City's general spending prioritization policy is to consider restricted resources to have been used first, followed by committed, assigned, and unassigned amounts when expenditures have been incurred for which resources in more than one classification could be used.

Sometimes the City will fund outlays for a particular purpose from both restricted (i.e. restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted – net position and unrestricted – net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the City's policy to consider restricted – net position to have been depleted before unrestricted – net position is applied.

D. Budgets

Budgets are adopted on a basis consistent with U.S. generally accepted accounting principles. Annual appropriated budgets are adopted for all governmental fund types on the modified accrual basis. All annual appropriations lapse at year-end.

E. Pooled Cash and Cash Equivalents

The City maintains a cash money-market pool that is used by all funds. Interest income is allocated to each fund in proportion to each fund's ownership of the pool each month. For purposes of the statement of cash flows, all highly liquid investments with an original maturity of three months or less when purchased are considered to be cash equivalents. Because a statement of cash flows is prepared only for proprietary funds under generally accepted accounting principles, cash and cash equivalents are distinguished only for those funds.

City of Osage Beach, Missouri
Notes to the Basic Financial Statements
December 31, 2020

Investments are stated at fair value, determined by quoted market prices. State statutes authorize the City to invest in obligations of the U.S. Treasury, commercial paper, corporate bonds, repurchase agreements, collateralized certificates of deposit and the State Treasurer's Investment Pool.

F. Receivables consist primarily of taxes, franchise fees, interest, and water and sewer charges. They are shown net of estimated uncollectible amounts.

G. Inventories

Inventories, which consist of airport fuel and materials and supplies, are recorded on the purchases method and are stated at cost using the first-in, first-out method.

H. Prepaid Items

Prepaid items represent the payment of insurance premiums and other information technology related services for coverage that benefits more than one fiscal period. The premium amount is being amortized over the policy period following the consumption method.

I. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (i.e. roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. In the governmental fund statements, capital assets are charged to expenditures as purchased and capitalized in the proprietary fund statements. All capital assets are valued at historical cost or estimated historical cost if the actual historical cost is not available. Donated capital assets are valued at their acquisition value on the date donated.

Capital assets are defined by the City as assets with an initial individual cost of \$2,000 or more and an estimated useful life in excess of five years. Additions or improvements and other capital outlays that significantly extend the useful life of an asset or that significantly increase the efficiency or capacity of an asset are capitalized. Other costs, such as capital outlays incurred for repairs and maintenance, are expensed as incurred.

Depreciation on exhaustible assets is recorded as an allocated expense in the statement of activities with accumulated depreciation reflected in the statement of net position. Depreciation is provided on the straight-line basis over the following estimated useful lives:

Buildings and improvements	20 – 40 years
Office furniture, fixture, and equipment	5 – 10 years
Transportation equipment	5 years
Sewage collection systems	20 – 40 years
Treatment plant	40 years
Water systems	40 years
Infrastructure – streets/roads	20 – 25 years

The cost of assets disposed or sold, and the related amounts of accumulated depreciation, are eliminated from the accounts in the year of disposal or sale and any resulting gain or loss is reflected in the basic financial statements.

Fully depreciated capital assets are included in the capital assets accounts until their disposal or sale.

City of Osage Beach, Missouri
Notes to the Basic Financial Statements
December 31, 2020

J. Compensated Absences

It is the City's policy to permit employees to accumulate earned but unused vacation and personal leave benefits. All unused vacation must be used within one year. Employees that leave the City in good standing after ten (10) years of service and have accrued more than six (6) weeks (240 hours) of personal leave may convert their personal leave hours to 401A retirement dollars based on the following vesting schedule with a maximum payout of \$10,000. Amount not to exceed maximum contribution in the 401A for the calendar year. Personnel employed with the City for ten (10) years through fourteen (14) years (25%), fifteen (15) years through nineteen (19) years (50%), and twenty (20) years or more (75%). All vacation and personal leave benefits are accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in governmental funds only if they have matured, for example, as a result of an employee resignation or retirements.

K. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element represents a consumption of net position that applies to future periods and so will not be recognized as an outflow of resources (expense/expenditure) until then. The City has two items that qualify for reporting in this category, which are the deferred charge on refunding and the deferred outflows related to other post-employment benefits (OPEB). Both of these items are reported in the government-wide and proprietary fund statements of net position. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. The second item results from assumption changes in calculating the City's OPEB liability.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition of net position that applies to future periods and so will not be recognized as an inflow of resources (revenue) until that time. The City has one item that qualifies for reporting in this category, which is the deferred inflow related to other post-employment benefit plan contributions reported in the government-wide and proprietary fund statements of net position.

L. Long-Term Obligations

General long-term obligations consist of the non-current portion of bonds payable, other post-employment benefits, and other long-term liabilities. In the government-wide and proprietary fund financial statements, long-term debt and other long-term obligations are reported as liabilities. Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method. Bond issuance costs are expensed as incurred.

In the governmental fund financial statements, general long-term obligations are not reported as liabilities because they do not require the use of current resources. Governmental fund types recognize bond premiums and discounts during the current period. The face amount of the debt issued is reported as other financing sources while discounts on debt issuance are reported as other financing uses. Principal repayments are reported as debt service expenditures.

M. Equity

In the governmental fund financial statements, equity is displayed in five components as follows:

Nonspendable – This consists of amounts that are not in a spendable form or are legally or contractually required to be maintained intact.

City of Osage Beach, Missouri
Notes to the Basic Financial Statements
December 31, 2020

Restricted – This consists of amounts that are constrained to specific purposes by their providers, through constitutional or contractual provisions or by enabling legislation.

Committed – This consists of amounts that can be used only for the specific purposes determined by a formal action of the government’s highest level of decision-making authority (the Board of Aldermen) by the end of the year. The Board of Aldermen can, by adoption of an ordinance prior to the end of the year, commit fund balance. Once adopted, the limitation imposed by the ordinance remains in place until a similar action is taken to remove or revise the limitation.

Assigned – This consists of amounts that are intended to be used by the government for specific purposes but do not meet the criteria to be classified as restricted or committed. The Board of Aldermen can assign fund balance; however, an additional formal action does not have to be taken for the removal of the assignment.

Unassigned – This consists of amounts that are available for any purpose and can only be reported in the General Fund. However, in governmental funds other than the General Fund, it may be necessary to report a negative unassigned fund balance in that fund if expenditures incurred for specific purposes exceed the amounts that are restricted, committed, or assigned to these purposes.

In the government-wide and proprietary fund financial statements, equity is displayed in three components as follows:

Net investment in capital assets – This consists of capital assets, net of accumulated depreciation, less the outstanding balances of any bonds, notes, or other borrowings that are attributable to the acquisition, construction, or improvements of those assets.

Restricted – This consists of amounts that are legally restricted by outside parties or by law through constitutional provisions or enabling legislation.

Unrestricted – This consists of amounts that do not meet the definition of “net investment in capital assets” or “restricted”.

N. Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and the reported amounts of revenues and expenses during the period. Actual results could differ from those estimates.

2. LEGAL COMPLIANCE - BUDGET

The City’s policy is to prepare the operating budgets in accordance with U.S. generally accepted accounting principles. The City prepared budgets for all governmental fund types for the year ended December 31, 2020. The City follows these procedures in establishing the budgetary data reflected in the financial statements:

- 1) Prior to January 1, the City Administrator submits to the Board of Aldermen a proposed operating budget for the fiscal period commencing January 1. The operating budget includes proposed expenditures and the means of financing them.
- 2) The City utilizes multiple public budget workshops that the public is invited to attend and make comments. The proposed budget is available for public inspection prior to the budget workshops.
- 3) Prior to December 31, the budget is legally enacted through passage of an ordinance.

City of Osage Beach, Missouri
Notes to the Basic Financial Statements
December 31, 2020

- 4) The City Administrator is authorized to transfer budgeted amounts within a fund; however, any revisions that alter the total expenditures of any fund must be approved by the Board of Aldermen.
- 5) All appropriations lapse at year-end.

The reported budgetary data represents the final approved budget after amendments as adopted by the Board of Aldermen. The budget was amended during the year.

Actual expenditures exceeded budgeted appropriations in the Capital Improvement Sales Tax Fund by \$56,161.

3. CASH AND INVESTMENTS

Deposits

Missouri State Statutes authorize the City to deposit funds in obligations of the U.S. Treasury, federal agencies and instrumentalities; certificates of deposit; and repurchase agreements. Custodial credit risk for deposits is the risk that, in event of a bank failure, the government's deposits may not be returned to it. The City's deposit policy for custodial credit risk is set by statutes. Statutes require that collateral pledged must have a fair market value equal to 100% of the funds on deposit, less insured amounts. Collateral securities, which are the same type as authorized for investment by the City, are limited to the following as prescribed by state statutes:

- Bonds of the State of Missouri, of the United States, or of any wholly owned corporation of the United States.
- Other short-term obligations of the United States.

The City maintains a cash and investment pool which is available for use by all funds for the purpose of increasing income through investment activities. Interest is allocated to the various funds based on average cash or investment balances. The pool includes money market funds and certificates of deposit. Each fund type's portion of this pool is displayed on the statement of financial position as "Cash and investments" under each fund's caption.

A reconciliation of cash and investments as shown on the government-wide statement of net position is as follows:

Cash on hand	\$ 2,075
Demand deposits	7,509,025
Certificates of deposits	6,796,000
Restricted cash and investments held in trust	2,878,682
Total cash and investments	<u>\$ 17,185,782</u>

City of Osage Beach, Missouri
Notes to the Basic Financial Statements
December 31, 2020

Government-wide Statement of Net Position

	Primary Government			Component Unit
	Governmental Activities	Business-type Activities	Total	
Cash and investments	\$ 8,243,253	\$ 4,212,824	\$ 12,456,077	\$ 13,219
Restricted cash and investments	698,452	3,758,250	4,456,702	259,784
Total cash and investments	<u>\$ 8,941,705</u>	<u>\$ 7,971,074</u>	<u>\$ 16,912,779</u>	<u>\$ 273,003</u>

Investments

The City had the following investments as of December 31:

	Investment Maturities (in years)			Fair/Carrying Value
	Less than 1	1-5	Over 5	
Restricted assets:				
Money market mutual funds	\$ 2,626,561	\$ -	\$ -	\$ 2,626,561
Guaranteed investment contracts	-	2,109	-	2,109
Total investments	<u>\$2,626,561</u>	<u>\$ 2,109</u>	<u>\$ -</u>	<u>\$ 2,628,670</u>

Custodial Credit Risk

The custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, the City will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. For deposits, the City follows state statutes which require pledged collateral with a fair value equal to 100% of the funds on deposit, less insured amounts. The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, the City will not be able to recover the value of its investment or collateral securities that are in the possession of an outside party. The City's policy is to collateralize all deposits and repurchase agreements with securities held by the financial institution's agent and in the City's name but does not limit the holdings of any one counterparty.

Credit Risk

Credit risk – Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. Credit risk is measured using credit quality ratings of investments in debt securities as described by nationally recognized rating agencies such as Standard & Poor's and Moody's. State statutes authorize the City to invest in obligations of the U.S. Treasury, and federal agencies and instrumentalities; certificates of deposit issued by Missouri banks; and repurchase agreements. The City has no investment policy that would further limit its investment choice. The total guaranteed investment contract balance of \$2,109 is rated A2 by Moody's.

Interest Rate Risk

Interest rate risk – Interest rate risk is the risk that the fair values of investments will be adversely affected by a change in interest rates. The City does not have a formal interest rate risk policy.

City of Osage Beach, Missouri
Notes to the Basic Financial Statements
December 31, 2020

Fair Value Measurements

The City categorizes its fair value measurements within the fair value hierarchy established by general accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted in active markets for identical assets; Level 2 inputs are significant other observable inputs such as third party pricing services for identical assets; Level 3 inputs are significant unobservable inputs.

The City has the following recurring fair value measurements as of December 31, 2020:

Description	Total	Level 1	Level 2	Level 3
Measured at fair value:				
Money market mutual funds	\$ 2,626,561	\$ 2,626,561	\$ -	\$ -

Component Unit:					
Bonds payable	<u>\$ 7,275,000</u>	<u>\$ 2,330,000</u>	<u>\$ 7,275,000</u>	<u>\$ 2,330,000</u>	<u>\$ -</u>

** Compensated absences are generally liquidated by the General Fund.

The State Constitution permits a city, by vote of two-thirds of the voting electorate, to incur general obligation indebtedness for "city purposes" not to exceed 10% of the assessed value of taxable tangible property and to incur additional general obligation indebtedness not to exceed, in the aggregate, an additional 10% of the assessed value of taxable tangible property, for the purpose of acquiring rights-of-way, construction, extending and improving streets and avenues and/or sanitary or storm wastewater systems, and purchasing or constructing waterworks, electric or other light plants, provided that the total general obligation indebtedness of the City does not exceed 20% of the assessed valuation of taxable property.

City of Osage Beach, Missouri
Notes to the Basic Financial Statements
December 31, 2020

Based on the assessed valuation as of January 1, 2020, of \$294,411,558, the constitutional total general obligation debt limit was \$58,882,312, which provides a general obligation debt margin of \$58,882,312.

Capital Lease Obligation

The City has entered into capital lease agreement for the acquisition of radio equipment. The lease agreement requires three annual payments of \$239,136 including interest at 1.014% maturing January 15, 2022.

The future minimum lease obligation and the net present value of these minimum lease payments as of December 31, 2020 were as follows:

For the years Ending December 31	Total
2021	\$ 239,136
2022	239,136
Payments	478,272
Less imputed interest	(7,180)
Present value of minimum lease payments	<u>\$ 471,092</u>

Bonds Payable – State Revolving Loans

In 2001, 2002, 2003, 2005, and 2007, the City issued \$5,000,000 (Series 2001A), \$24,585,000 (Series 2002B), \$6,075,000 (Series 2003B), \$4,950,000 (Series 2005C), and \$2,550,000 (Series 2007A) in State Environmental Improvement and Energy Resources Authority Water Pollution Revenue Bonds and Public Drinking Water Bonds for the purpose of financing construction of certain wastewater treatment, sanitary sewerage or water facilities and costs associated with the issuance of the bonds. In connection with the issuance of these bonds, the City participates in a revolving loan program established by the Missouri Department of Natural Resources (DNR). The State of Missouri manages and invests the bond proceeds on behalf of the City. As the City incurs approved expenditures, DNR reimburses the City for the expenditures from the construction escrow fund. Additionally, an amount (83.33% of which is federal funding) representing 70% of the construction costs is deposited into a bond reserve fund in the City's name and is held as a guarantee against the outstanding bond obligation. Interest earned from this reserve fund can be used by the City to fund interest payments on the revenue bonds. A portion of the reserve fund is transferred back to the State as principal payments are made on the revenue bonds. The costs of operation and maintenance of the wastewater treatment and sewerage facilities and the debt service is payable from operating revenues.

The City has pledged future utility customer revenues and capital improvement sales tax collections, net of current specified operating expenses, to repay \$21.6 million in revenue bonds. Proceeds from the bonds provided financing for the construction of a new water system and expansion of sewerage facilities. The bonds are payable from utility customer net revenues and capital improvement sales tax net collections and are payable through 2026. Net revenues available for debt service are not to be less than 110% of the amount required to be paid annually of principal and interest. Net revenues including transfers in for 2020 are over 115% of the annual principal and interest payments made in 2020. The total principal and interest remaining to be paid on the bonds is \$9,972,568. Principal and interest paid for the current year and total net revenues were \$3,182,611 and \$3,656,094, respectively.

City of Osage Beach, Missouri
Notes to the Basic Financial Statements
December 31, 2020

Bonds payable are comprised of the following individual issues:

	Original Amount	Interest Rate	Final Maturity Date	Balance December 31, 2020
2001A, Clean Water	\$ 5,000,000	4%-5%	1/1/2022	\$ 590,000

Bonds Payable – Tax Increment Financing

On February 28, 2002, the City issued Tax Increment Bonds Series 2002 in the aggregate principal amount of \$7,775,000 to finance roads, water and sewer infrastructure in the Prewitt's Point redevelopment area. These bonds were issued for the City's component unit, the Tax Increment Financing District. These bonds are limited obligations of the City, payable solely from bond proceeds, payments in lieu of taxes, economic activity tax revenue and monies on deposit in a debt service reserve fund. The application of economic activity tax revenues to the payment of the Series 2002 bonds is subject to annual appropriation by the City.

On September 18, 2012, the City issued \$4,410,000 of Tax Increment Bonds Series 2012 for the refunding of the \$4,510,000 remaining balance of the Series 2002 bonds. The refunding was undertaken to reduce the total future debt service payments. The transaction also resulted in an economic gain of \$486,595 and a reduction of \$302,665 in future debt service payments. The beginning outstanding principal balance of \$525,000 was fully redeemed during the year ended December 31, 2020.

On December 31, 2006, the City issued Tax Increment Bonds Series 2006 in the aggregate principal amount of \$18,590,000 to finance roads, water and sewer infrastructure in the Prewitt's Point redevelopment area. These bonds were issued for the City's component unit, the Tax Increment Financing District. These bonds are limited obligations of the City, payable solely from bond proceeds, payments in lieu of taxes, economic activity tax revenue and monies on deposit in a debt service reserve fund. The application of economic activity tax revenues to the payment of the Series 2006 bonds is subject to annual appropriation by the City. The outstanding balance of the bonds were refunded in 2020 as described in the next paragraph.

City of Osage Beach, Missouri
Notes to the Basic Financial Statements
December 31, 2020

In November 2020, the City issued \$2,330,000 Series 2020 Tax Increment Refunding Revenue Bonds (Prewitt's Point Project) (2020 bonds). Net proceeds of the bonds along with available Series 2006 bond trust funds of \$3,160,971 were used to refund the outstanding Series 2006 Bonds. Funds totaling \$5,432,465 were deposited in trust with an escrow agent to pay accrued interest and the outstanding balance of the Series 2006 Bonds of \$5,395,000 on December 21, 2020. The City completed this refunding to reduce its net debt service payments by approximately \$251,615 which resulted in a net economic gain of \$160,024 when including available Series 2006 funds on hand.

The bond issues are structured so that bonds are redeemed as funds become available; accordingly, debt coverage will not exceed 100% over the life of the bonds. Debt service on principal and interest cannot exceed the life of the redevelopment area of May 1, 2023. The Series 2020 bonds are due May 1, 2023 with interest payable semi-annually at 1.85%.

The annual requirements to amortize debt outstanding in the as of December 31, 2020, including interest payments, are as follows:

Year Ending December 31	Series 2020		Total
	Principal	Interest	
2021	\$ -	\$ 39,633	\$ 39,633
2022	-	43,105	43,105
2023	2,330,000	21,552	2,351,552
Total	<u>\$ 2,330,000</u>	<u>\$ 104,290</u>	<u>\$ 2,434,290</u>

Subsequent to year-end, sufficient funds were available to redeem \$1,260,000 on May 1, 2021 of the outstanding principal balance of the Series 2020 bonds.

Arbitrage Liability

The arbitrage liability is established as the arbitrage rebate payable on the statements of financial position to set aside funds for the future potential interest rebate due the Internal Revenue Service (IRS). Separate trust accounts have been established for the Series 2001A, Series 2005C, and Series 2007A bonds. Pursuant to certain Internal Revenue Code requirements, the City is required to expend funds for designated purposes within time frames established by the IRS. In the event the "spend-down" schedule is not met, a rebate of excess interest earnings must be made. Excess interest earnings accrue if the interest rate on invested bond proceeds exceeds the interest rate paid to investors. The liability is estimated by the City's bond counsel.

City of Osage Beach, Missouri
Notes to the Basic Financial Statements
December 31, 2020

7. INTERFUND TRANSACTIONS

Interfund balances and transfers between governmental funds are not included in the government-wide statement of net position or the government-wide statement of activities.

A summary of interfund transfers for the year ended December 31, 2020, follows:

		Transfers Out:				
	General Fund	Water/Sewer Fund	Ambulance Fund	Lee C. Fine Airport Fund	Grand Glaize Airport Fund	Total
Transfers In:						
General fund	\$ -	\$ -	\$ 300,000	\$ -	\$ -	\$ 300,000
Transportation fund	-	-	-	52,000	107,000	159,000
Capital improvement sales tax fund	95,566	1,400,000	-	-	-	1,495,566
	<u>\$ 95,566</u>	<u>\$ 1,400,000</u>	<u>\$ 300,000</u>	<u>\$ 52,000</u>	<u>\$ 107,000</u>	<u>\$ 1,954,566</u>

The purpose of the transfer from the General Fund to the Ambulance Fund is to subsidize the operations of this fund. The purpose of the transfer from the Transportation Fund to the Lee C. Fine Airport Fund and the Grand Glaize Airport Fund is to subsidize the operations of these funds. The purpose of the transfer from the Capital Improvement Sales Tax Fund to the Water/Sewer Fund is to subsidize the payment of this fund's bonds. The purpose of the transfer from the Capital Improvement Sales Tax Fund to the General Fund is to subsidize the payments of various City improvements.

Interfund Charges for Support Services

Interfund charges for support services paid to the General Fund for the year ended December 31, 2020 were as follows:

Transportation Fund	\$ 289,000
Water/Sewer Fund	375,000
Ambulance Fund	45,000
Lee C. Fine Airport Fund	46,000
Grand Glaize Airport Fund	13,000
	<u>\$ 768,000</u>

8. COMMITMENTS AND CONTINGENCIES

A. Risk Management

The City is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; workman's compensation; liability, crime, and employee errors and omissions; and natural disasters. The City purchases commercial insurance to provide coverage for general liability, property damage, and workers' compensation. Settled claims have not exceeded this commercial insurance coverage in any of the past three years.

City of Osage Beach, Missouri
Notes to the Basic Financial Statements
December 31, 2020

B. Litigation

The City is involved in lawsuits arising in the ordinary course of activities, including claims regarding construction contract issues, personal injury and discriminatory personnel practices, property condemnation proceedings, and suits contesting the legality of certain taxes. While these cases may have future financial effect, management, based on advice of counsel, believes that their ultimate outcome will not be material to the basic financial statements.

C. Contract Commitments

The City has entered into contractual commitments related to various projects and improvements. Outstanding commitments totaling approximately \$204,000 as of December 31, 2020.

D. Tax Increment Financing

On November 1, 2007, the Board of Aldermen approved the Marina View Tax Increment Financing (TIF) Plan. This plan consists of the construction of a hotel on approximately 28 acres and includes a future bond issuance of approximately \$3.7 million plus interest and other miscellaneous costs. No activity occurred on this project during 2020.

On December 16, 2010, the Board of Aldermen approved the Dierbergs Osage Beach Tax Increment Financing Plan for a shopping center. This center consists of a Dierbergs Market, Dicks Sporting Goods, Bed Bath & Beyond and miscellaneous stores. The 2011 notes payable represent special, limited obligations of the City, payable solely from the incremental sales and real estate taxes generated by Dierbergs redevelopment area. The City functions as a collecting agent for the taxes, which are then passed through to the bond trustee. As the City is not liable for this debt beyond remitting all collected taxes, it is not recorded on the statement of net position as of December 31, 2020. The notes bear interest at 6.5% with final maturity on December 15, 2033. The balance at December 31, 2020, was \$3,899,905. The annual debt service repayments of the 2011 TIF notes are the combined amounts of economic activity taxes and payments in lieu of taxes collected by the special allocation fund. The notes terminate December 15, 2033, whether or not the principal and interest have been paid in full.

On February 18, 2016, the City entered into a TIF agreement with Arrowhead Development Group, LLC. Under this agreement, the City will reimburse the developer on a pay-as-you-go method with funds generated by the TIF project. The Agreement will redevelop the 226-acre site of the former Dogwood Hills Golf Course. It provides flexibility for the developer with eight separate project areas for a mixed-use development to be built over the next several years. The agreement provides for a TIF incentive to the developer to promote a \$386,731,340 project when all 8 projects are completed. The total amount of the TIF reimbursement requested is \$55,835,595, which is 14.5% of the total project costs. One half (50%) of the new real estate and sales taxes generated by the development shall be passed through to the taxing districts. To date, the Arrowhead Senior Living Community is complete and open for business. This facility provides skilled nursing home and assisted living options. As of December 31, 2020, approved project costs total \$4,889,912 and accrued interest is \$1,234,250. No economic activity taxes or payments in lieu of taxes have been collected to date.

City of Osage Beach, Missouri
Notes to the Basic Financial Statements
December 31, 2020

On September 21, 2017, the City entered into a TIF agreement with TSG Osage Beach, LLC. Under this agreement, the City will reimburse the developer on a pay-as-you-go method with funds generated by the TIF project. The Osage Beach Commons TIF Plan will redevelop the 13.71-acre site consisting of the Golden Door motel, the closed Jake's Steak and Fish restaurant and two abandoned single-family homes. The Plan proposes a \$30,500,000 project. The approved reimbursement is \$4,550,000, which is 14.9% of the total project costs. One half (50%) of the new real estate and sales taxes generated by the development shall be passed through to the taxing districts. To date, the site is being cleared for the development. No economic activity taxes or payments in lieu of taxes have been collected to date.

9. INTERGOVERNMENTAL REVENUE

The City receives significant financial assistance from numerous federal, state, and local governmental agencies in the form of grants. Federal grants and assistance awards made on the basis of entitlement periods are recorded as intergovernmental receivables and revenues when entitlement occurs. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the grantor agencies. Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable funds. However, in the opinion of management, any such disallowed claims will not have a material effect on any of the financial statements or the individual fund-types included herein or on the overall financial position of the City as of December 31, 2020.

10. PENSION PLAN

Plan Description

The City, by a resolution of the Board of Aldermen, created a defined contribution, single employer, retirement plan under Internal Revenue Code Section 401 for the employees of the City. The Board of Aldermen can amend the plan at their discretion. The City appointed ICMA Retirement Corporation to administer the plan. The plan is available to all full-time employees of the City. Employees are fully vested in contributions made on their behalf after 5-years.

Plan Funding

The City contributes 6% of eligible employee wages. Employees are not required to contribute to the plan; however, effective July 1, 2019, the City provides a match of up to an additional 1% when employees contribute up to 1%. The City contributed \$279,776 to the plan for the year ended December 31, 2020.

11. OTHER POST EMPLOYMENT BENEFITS (OPEB)

General Information About the Plan

The following information is presented in accordance with GASB Statement No. 75, *Accounting and Financial Reporting for Post Employment Benefits Other Than Pensions*.

Plan Description and Benefits Provided

In addition to providing the pension benefits described in Note 10 above, the City provides full-time employees that retire after 10-years of service the opportunity for continuation of medical and dental insurance coverage offered through the Mid-America Regional Council Insurance Trust (MARCIT). The City provides retiree healthcare benefits through MARCIT, which is an insurance pool comprised of approximately 59 entity members. MARCIT functions as an agent multiple-employer plan.

City of Osage Beach, Missouri
Notes to the Basic Financial Statements
December 31, 2020

Retirees who elect to continue coverage in the medical and dental plans offered through MARCIT are required to pay a contribution until the employee becomes eligible for Medicare. Since the retirees pay the same premium as active employees each year, the City share of any premium cost is determined on the basis of a blended rate or implicit rate subsidy calculation. The implicit rate subsidy is the difference between what the retiree actually pays, and the age adjusted amount he or she would have paid for the full cost of the benefit. The benefits and benefit levels are governed by City policy and the MARCIT trust agreement.

The City maintains a trust arrangement with MARCIT to collect premiums and pay claims and administrative costs. This trust arrangement does not qualify as an “OPEB Plan” and is not treated as holding assets in order to offset GASB 75 liabilities. However, GASB requires that the “Plan” determine the valuation interest rate (or discount rate) based on expected return of the MARCIT Health and Dental Fund since it is used to pay retiree claims. The Plan is not accounted for as a trust fund since an irrevocable trust has not been established. There is no stand-alone financial report for the Plan.

Retirees Covered by Benefit Terms

At July 1, 2019, there were one benefit recipients enrolled in the Plan for the City.

Funding Policy

The City does not pay retiree benefits directly; they are paid implicitly over time through employer subsidization of active premiums that would be lower if retirees were not part of the experience group.

Annual OPEB Costs and Total OPEB Liability

The City’s total OPEB liability was measured as of December 31, 2019, and the total OPEB liability was determined by an actuarial valuation as of July 1, 2019. As of December 31, 2020, the retiree premium was 1.45 times the group plan premiums.

Actuarial Assumptions

The total OPEB liability in the July 1, 2019 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Discount rate	3.0% as of the measurement date; 3.68% for the prior year
Medical/Rx cost trend (and retiree contribution trend)	8.0% for 2020 fiscal year, decreasing by .05% through 2023 and .25% per year to an ultimate rate of 5.0% for 2029 and later years
Salary scale	3.0% per year
Average expected remaining service life	15-years

Mortality rates were based on the Society of Actuaries Pub-2010 Public Retirement Plans Headcount-Weighted General and Public Safety Mortality Tables using Scale MP-2020 Full Generational Improvement.

City of Osage Beach, Missouri
Notes to the Basic Financial Statements
December 31, 2020

In order to determine the municipal bond rate, the actuarial valuation uses the average of the published yields from the S&P Municipal Bond 20-year High Grade and the Fidelity GO AA-20 Years indexes. The selected average rates are 3.86% and 3.00% as of the beginning and end of the valuation year, respectively.

Change in the Total OPEB Liability

	Total OPEB Liability
Beginning of year	\$ 257,542
Changes for the year:	
Service cost	21,831
Interest	10,246
Change in benefit terms	(47,896)
Difference between actual and expected experience	(87,184)
Changes in assumptions and other inputs	40,410
Benefit payments, net of contributions	1,900
Net changes	(64,493)
End of year	\$ 193,049

Sensitivity of the Total OPEB Liability to Changes in the Discount Rate

The following presents the Total OPEB Liability of the City, calculated using the discount rate of 3.0%, as well as what the City's Total OPEB Liability would be using a discount rate that is 1 percentage point lower (2.0%) or one percentage point higher (4.0%) than the current rate.

	1% Decrease 2.0%	Discount Rate 3.0%	1% Increase 4.0%
Total OPEB Liability	\$ 213,640	\$ 193,049	\$ 174,490

Sensitivity of the Total OPEB Liability to Changes in the Healthcare Cost Trend Rates

The following presents the Total OPEB Liability of the City, calculated using a valued based healthcare cost trend assumption, as well as what the City's Total OPEB Liability would be using a healthcare cost rate that is 1 percentage point lower or one percentage point higher than the current rate.

	1% Decrease	Current Trend Assumption	1% Increase
Total OPEB liability	\$ 168,012	\$ 193,049	\$ 223,299

Notes to the Basic Financial Statements
December 31, 2020

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended December 31, 2020, the City recognized OPEB income of \$17,553. The City reported deferred outflows and (inflows) related to OPEB from the following sources:

	Deferred Outflow of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 5,443	\$ (81,372)
Changes in assumptions	61,293	(12,740)
Contributions subsequent to measurement date *	2,500	-
Total	<u>\$ 69,236</u>	<u>\$ (94,112)</u>

* The amount reported as deferred outflows of resources resulting from contributions subsequent to the measurement date will be recognized as a reduction in the Total Pension Liability for the year ending December 31, 2021.

Amounts reported as deferred outflows (inflows) of resources related to OPEB will be recognized as a reduction of OPEB expense as follows:

Fiscal Year Ending	Amount
2021	\$ (1,714)
2022	(1,714)
2023	(1,714)
2024	(1,714)
2025	(1,714)
2026 & Thereafter	(18,806)
Total	<u>\$ (27,376)</u>

The following table summarizes the City's OPEB reporting:

	Total OPEB Liability	Deferred Outflow of Resources	Deferred Inflows of Resources
Governmental activities: **	\$ 161,264	\$ 42,494	\$ 56,748
Business-type activities:	31,785	26,742	37,364
Total	<u>\$ 193,049</u>	<u>\$ 69,236</u>	<u>\$ 94,112</u>

** OPEB liability is generally liquidated by the General Fund.

City of Osage Beach, Missouri
Notes to the Basic Financial Statements
December 31, 2020

12. JONT VENTURE

On August 5, 1981, the City agreed to a joint partnership with City of Lake Ozark of a Sewage Treatment Plant (STP). The Board administering the STP consists of eight members, four from each city. Amounts to be billed to each city are based upon usage billed at identical rate structures. Costs of operation and maintenance are split proportionately between the two cities. For the year ended December 31, 2020, the City paid \$473,325 for its share of STP expenses. A separate audit is performed on this entity, and a copy may be reviewed at the City of Lake Ozark or City of Osage Beach City Hall.

13. ASSESSED VALUE OF PROPERTY

Assessed valuation is established by the County Assessor. The City does not levy property taxes. A property tax is levied by Miller County for property located within the Prewitt's Point Project, part of the component unit. The Tax Increment Financing Fund receives 75% of incremental property tax collected. This revenue is pledged toward the repayment of the Tax Increment Financing revenue bonds pursuant to the bond indenture.

Assessed valuation and tax levy for the property located in the Tax Increment Financing District as of September 10, 2020, was as follows:

	For the 2020 <u>Calendar Year</u>
Assessed valuation for Miller County	
Tax Increment Financing	<u>\$ 9,611,960</u>

14. TAX ABATEMENTS

Pursuant to the Real Property Tax Increment Allocation Act, Sections 99.800 through 99.865, RSMo, as amended (the TIF Act), cities and counties (governments) may adopt a redevelopment plan (TIF plan) that provides for the redevelopment of a "blighted area," "conservation area" or "economic development area" located within the boundaries of the government to encourage increased property valuations. The Osage Beach Tax Increment Financing District (TIF District), a component unit of the City, recommends the designation of blighted areas, the redevelopment plan, and the developer, and the City has final approval. All of the TIF plans approved to date have been for the development of retail centers in blighted areas within the City by approved developers.

In general, once approved, the City enters into a development contract with the developer covering the development project, including ad valorem taxes, property tax abatements, and sales taxes. There are no provisions for recapture since the taxes abated are for property development and used to fund the project and service debt. Under these contracts, the governments in the TIF District grant two types of tax abatements:

- Sales tax abatements of 50 percent of the total additional revenue from taxes, penalties and interest which are imposed by the City or taxing districts and which are generated by economic activities within the areas of the TIF over the amount generated in the year before the TIF plan was adopted. Total sales taxes abated under the agreements totaled approximately \$2,724,905 in 2020.
- Property tax abatements attributable to the increase in assessed value of the property of property in the TIF district over the assessed value of the property before the development. Total property taxes abated under the agreements totaled approximately \$560,786 in 2020.

CITY OF OSAGE BEACH
Required Supplementary Information
Notes to the Budgetary Comparison Schedules
For the Year Ended December 31, 2020

Budgetary Information

The City's policy is to prepare the operating budgets in accordance with U.S. generally accepted accounting principles. The City prepared budgets for all governmental fund types for the year ended December 31, 2020.

The City follows these procedures in establishing the budgetary data reflected in the financial statements:

- 1) Prior to January 1, the City Administrator submits to the Board of Aldermen a proposed operating budget for the fiscal period commencing January 1. The operating budget includes proposed expenditures and the means of financing them.
- 2) The City utilizes multiple public budget workshops that the public is invited to attend and make comments. The proposed budget is available for public inspection prior to the budget workshops.
- 3) Prior to December 31, the budget is legally enacted through passage of an ordinance.
- 4) The City Administrator is authorized to transfer budgeted amounts within a fund; however, any revisions that alter the total expenditures of any fund must be approved by the Board of Aldermen.
- 5) All appropriations lapse at year-end.

The primary basis of budgetary control is at the fund level. The budget was amended during the year.

 OPEB liability as a percentage of covered payroll	 4.64%	 6.19%	 6.57%

* GASB 75 requires presentation of ten years. As of December 31, 2020, only three years were available.

** Covered employee payroll is annualized pay based on amounts as of July 1 of the actuarial valuation date

Notes to Schedule:

No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75.

STATISTICAL SECTION

(Unaudited)

The statistical data “relate to the physical, economic, social, and political characteristics of the City.” Its design is to provide “a broader and more complete understanding of the City and its financial affairs than is possible from the financial statements, notes, and supporting schedules presented in the Financial Section

Statistical Section

This section of the City of Osage Beach's annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the City's overall financial health.

Financial Trends (Tables 1-4)

These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.

Revenue Capacity (Tables 5-6)

These schedules contain information to help the reader assess the factors affecting the City's ability to generate its sales taxes.

Debt Capacity (Tables 7-11)

These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.

Demographic and Economic Information (Tables 12-13)

These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place and to help make comparisons over time and with other governments.

Operating Information (Tables 14-16)

These schedules contain information about the City's operations and resources to help the reader understand how the City's financial information relates to the services the City provides and the activities it performs.

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant fiscal year.

TABLE 9

DIRECT AND OVERLAPPING GOVERNMENTAL ACTIVITIES DEBT

As of December 31, 2020

NAME OF GOVERNMENTAL UNIT	LONG-TERM DEBT OUTSTANDING	PERCENTAGE APPLICABLE TO CITY OF OSAGE BEACH ¹	AMOUNT APPLICABLE TO CITY OF OSAGE BEACH
Camdenton R-III School District	\$ 59,460,000	16%	\$ 9,513,600
School of the Osage R-II	56,075,000	4%	2,243,000
Osage Beach Fire Protection District	420,000	53%	222,600
Total direct and overlapping debt			<u>\$ 11,979,200</u>

Sources: Debt outstanding data provided by Camden County, Miller County, Camdenton School District, School of the Osage School District and the Osage Beach Fire Protection District.

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the City. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of the City of Osage Beach. This process recognizes that, when considering the government's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident and therefore responsible for repaying the debt, of each overlapping government.

¹ The percentage of overlapping debt applicable is estimated using student population of both of the school districts and land area located inside or out of the Osage Beach Fire District.

Under Article VI, Sections 26 (b) and 26 © of the Missouri Constitution, the City by a vote of 2/3 of the qualified electors thereof, may incur general obligation bonded indebtedness for City purposes in an amount not to exceed 10% of the assessed valuation of taxable intangible property within the City as asserted by the last complete assessment for state or county purposes. Under Section 26 (d) of said Article VI, the city may incur general obligation indebtedness not exceeding in the aggregate an additional 10% of the aforesaid assessed valuation for the purpose of acquiring rights of way, constructing and improving sanitary or storm sewer systems; and under Section 26 (e) of said article VI, additional general obligation indebtedness may be incurred for purchasing or constructing water-works electric or other light plants to be owned exclusively by the City, provided that the general obligation indebtedness of the City shall not exceed 20% of the assessed valuation.
