Comments from your City Administrator Jeana L. Woods, CPA, ICMA-CM

Part of our responsibility of providing superior municipal services to our community includes using our resources wisely and maintaining a balanced budget. The operating budget is a planning document outlining the uses of the City's monetary resources.

The current FY2019 budget supported nearly \$35.4 million in expenditures and is estimated to end overall under budget with a few projects to be carried over into FY2020. In revenues, FY2019 Sales Tax, which represented 41% of the overall revenue from all City Funds, to date is less than 1.2% over collections from FY2018.

The FY2020 Operating Budget process began with three recent workshops with the Mayor, Board of Aldermen, and Staff, in which draft #1 was reviewed, supporting expenditures of \$29.5 million. The workshops are times set aside for staff to present to the elected body a draft budget and answer questions in preparation for an adoption by the elected body in December. The City operates a fiscal year beginning January 1.

With completion of the workshops, the Mayor and Board of Aldermen will be presented with FY2020 Operating Budget Draft #2 on December 5, 2019, during the Board of Aldermen meeting. A public hearing will precede the first reading request at that meeting.

City staff is dedicated to being good stewards to our community and will continue to operate efficiently to deliver superior municipal services to our citizens and visitors. And, we want to hear from our community. Please stay engaged through our social media pages as well as our website, never miss any information by signing up for all City alerts at www.osagebeach.org. Click on the "Notify Me Sign Up" and follow the easy steps.

NOVEMBER 29, 2019

COLD WEATHER TIPS

- ❄️ Ears and toes are susceptible to frost bite, so limit time outside
- ❄️ If ice balls up between foot pads, dig it out (ouch!)
- ❄️ Melting salt can dry out paws, so make sure to wipe them off
- ❄️ Keep dogs dry and out of the wind
- ❄️ Your pet needs fresh (unfrozen) water to process food and burn calories to stay warm

HOLIDAY SAFETY REMINDERS

- * Avoid using candles when possible. Consider using battery-operated candles in place of traditional candles.
- * Never leave an open flame unattended. Keep burning candles within sight.
- * Choose holiday decorations made with flame-resistant or non-combustible materials.
- * Use only electrical decorations and lights that have been approved for safe use by a nationally recognized testing laboratory.
- * Carefully inspect each electrical decoration before use. Cracked or frayed sockets, loose or bare wires, and loose connections may cause a serious shock or start a fire.
- * Follow the use and care instructions that accompany electrical decorations, and always unplug electrical decorations before replacing bulbs or fuses.
- * Keep young children away from holiday lights, electrical decorations, and extension cords to prevent electrical shock and burn injuries.
- * Avoid plugging too many holiday lights and decorations into a single outlet. Overloaded outlets can overheat and cause a fire.
- * Do not mount or support light strings in a way that might damage the cord's insulation.
- * Never connect more than three strands of incandescent lights together.
- * Make sure any electrical decoration used outdoors is marked for outdoor use.
- * Keep all outdoor extension cords and light strings clear of snow and standing water.
- * Use caution when decorating near power lines. Contact with a high-voltage line could lead to electrocution.
- * Turn off all indoor and outdoor electrical decorations before leaving home or going to bed.
