Discussion – Streetlights

- Cochran's streetlight presentation from summer 2021 which reviews the various roads where street lighting is present, the illumination levels at those locations, the space between each pole and some examples of cost comparison between city-owned lights and Ameren-owned lights.
- The proposed streetlight guidelines changes were brought forward, but never approved, and the meeting minutes from that discussion.

Research has identified that there are cost-savings for the city owning and maintaining its own streetlights due to the maintenance fees charged by Ameren. Additionally, transportation department has changed the vast majority of city-owned streetlights to LED and all projects requiring street lighting have been city-owned and LED.

Discussion - Sidewalk Master Plan

After a lengthy discussion – Mike Welty got the direction he need from the Board.

SENT VIA EMAIL

Ty Dinsdale, Airport Manager
Lee C. Fine Memorial Airport
1000 City Parkway
Osage Beach, MO 65065

Dear Mr. Dinsdale:

Subject: Expiring Sublease No. DTFACE-05-L-00003
Succeeding MOA No. 697DCM-24-L-00008
Navigational Aid Facilities
(AIZ) Lee C. Fine Memorial Airport
Kaiser, Missouri

The Federal Aviation Administration's (FAA) Sublease No. 697DCM-24-L-00008 at Lee C. Fine Memorial Airport, Kaiser, Missouri expires by its terms on September 30, 2024. There is a continuing need for the land rights for FAA to operate and maintain four (4) facilities in support of your airport operations.

To improve administrative efficiency, the Federal Aviation Administration (FAA) has made a national policy determination to use the format of a Memorandum of Agreement (MOA) to cover required land sites and easements for existing navigational aid (NAVAID) facilities operated by this agency. There are many practical reasons for this decision to include elimination of legal descriptions and use of a listing of identified facilities. Many airports are currently under the MOA system, and we have found that the approval process is quicker for both parties. This document will only apply to navigational aid facilities that are under on airport, no-cost land leases.

Attached is succeeding MOA No. 697DCM-24-L-00008. Please have an authorized official to use electronic signature and return the MOA as a PDF document to melinda.taber@faa.gov When received, a fully executed MOA will be returned to you for your records.

We want to express our appreciation for your cooperation. If you have any questions, please contact me at 817-222-4320 or via email at Melinda.taber@faa.gov.

Sincerely,

Melinda J. Taber

Department Comments and Recommendation:

This is a purchase to replace 4 older cameras with new quad imager camera and put 4 additional doors on the key card access system. This will improve security on our Public Works Campus and improve the video quality provided to our 911 Center. All of this equipment already uses the Beishir system and this company is the sole source for this purchase.

The budget for this purchase is \$35,100 or \$11,700 split between Trans/Water/Sewer. We are \$627.41 over budget, but we have already realized saving of more than \$2000 on the purchase of budget carports in the Building Improvements accounts, which will cover the difference.

I recommend approval.

City Attorney Comments:

Not Applicable

City Administrator Comments:

I concur with the department's recommendation.
