Department Comments and Recommendation:

Public Works: The City of Osage Beach, like most cities do little to no design work, and in the case of small cities, it is most common to have a third-party engineering firm augment staff as needed. New personnel hired in recent past bring knowledge, expertise and experiences that will be instrumental in improving processes regarding engineering and public works for project delivery and private development management.

City Attorney Comments:

Per City Code 110.230, Bill 25-59 is in correct form.

City Administrator Comments:

I would recommend approval of this staff change for the below reasons:

1. Our City does not have the quantity of design work to utilize a City Engineer position adequately. Cities of our size typically partner with various engineering firms to provide design services on an as-needed basis.

2. It is very difficult to find an engineer that has the necessary design experience for all facets of our needs: water, sewer, electrical, transportation, storm sewer, etc.

Normally, engineers are specialized in one of these areas but are not comfortable in all. By collaborating with various engineering firms, we can utilize them in their strength areas to bring the most economical value to our City.

Both Jeff and myself feel very comfortable with this approach and are confident that the costs can be managed to be more beneficial than in the past. Since the Project Manager position is in a lower pay level, no monetary budget amendment will be necessary.

AN ORDINANCE OF THE CITY OF OSAGE BEACH, MISSOURI, AMENDING ORDINANCE NO. 24.93 ADOPTING THE 2025 ANNUAL OPERATING BUDGET BY REMOVING AND ADDING JOB TITLES WITHIN THE FY2025 EMPLOYEE PAY PLAN.

BE IT ORDAINED BY THE BOARD OF ALDERMEN OF THE CITY OF OSAGE BEACH, AS FOLLOWS, TO WIT:

Section 1. That the 2025 Annual Operating Budget adopted as Ordinance No. 24.93 is hereby amended as follows:

Pay Level 15
~~City Engineer~~

Pay Level 11
Project Manager

FUNDING AGREEMENT

This **FUNDING AGREEMENT** (this “*Agreement*”) is entered into this ____ day of _____, 2025 (the “Effective Date”) between the **CITY OF OSAGE BEACH, MISSOURI** (the “*City*”), and **OSAGE BEACH INVESTMENT GROUP, LLC** (the “*Developer*”).

RECITALS

WHEREAS, the City is a fourth-class city incorporated and exercising governmental functions and powers pursuant to the Constitution and the Revised Statutes of the State of Missouri; and

WHEREAS, the Developer is a limited liability company and is authorized to conduct business in the State of Missouri; and

WHEREAS, the Developer desires to redevelop the Osage Beach Outlet Marketplace (the “Redevelopment Project”) and intends to request that the City consider certain development incentives in connection with the Redevelopment Project, including, without limitation, tax increment financing, creation of special taxing districts and a sales tax exemption on construction materials (collectively, the “*Potential Incentives*”); and

WHEREAS, if any of the Potential Incentives are approved by the City, the City may be requested to provide such other services and assistance as may be required to implement and administer various incentive programs; and

WHEREAS, it is the City’s policy that a developer who desires assistance from the City in a public-private partnership or through the use of economic incentive tools shall demonstrate the financial ability to allow for the full and fair evaluation by the City of all development proposals and requests for economic incentives from the City; and

WHEREAS, in order for the City to fully consider and evaluate the Potential Incentives, the TIF Policy adopted by the City (the “*TIF Policy*”) and the CID Policy adopted by the City (the “*CID Policy*”) require the Developer to deposit funds with the City to be used by the City to pay expenses necessary to perform a full evaluation of applications, plans, petitions, agreements and other documents (the “*Incentive Documents*”) associated with the Potential Incentives, and engage consultants as needed for such evaluation.

NOW THEREFORE, in consideration of the foregoing and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereby agree as follows:

1. City and Developer Services.

A. The City shall provide the following City Services (the “*City Services*”):

i. Prepare or consult with the Developer or its designee on the preparation and consideration of the Potential Incentives and the Incentive Documents in accordance with applicable law and the City’s the TIF Policy and the CID Policy, and give all notices, make all publications and hold hearings related thereto as required by applicable law;

ii. Provide necessary staff, legal, financial, and planning assistance to review and evaluate the Potential Incentives and the Incentive Documents for the City, and to prepare and present required ordinances to the Board of Aldermen of the City;

iii. Provide the necessary staff and legal, financial and planning assistance to prepare and negotiate a definitive agreement between the Developer (or its assignee or designee) and the City for implementation of the Proposed Incentives (the “Development Agreement”); and

iv. If a Development Agreement is entered into, provide the necessary staff, legal, financial and planning assistance to administer the Development Agreement.

B. The Developer shall:

i. Assist and cooperate with the City in providing the City Services;

ii. Provide to the City, upon request, a copy of surveys, planning documents, economic projections, engineering work, environmental studies and other information obtained or to be obtained by the Developer containing information that the City will reasonably need or would otherwise be required for the consideration of the Potential Incentives and the Incentive Documents.

2. Initial Deposit.

The City acknowledges receipt of Fifty Thousand Dollars (\$50,000.00) (the “*Deposit*”) from the Developer. The City shall disburse the Deposit as set forth in **Section 4** and shall notify the Developer when necessary to re-establish the Deposit in accordance with **Section 3** hereof, from which additional disbursements may be made as needed.

3. Additional Funding.

A. When it appears to the City that fifty percent (50%) of the Deposit has been drawn or will be disbursed, the City may submit to Developer invoices for additional deposits as are necessary to cover actual out-of-pocket expenses necessary to perform its obligations hereunder or for any additional obligations or expenditures reasonably estimated to be incurred by the City in connection with this Agreement. The Developer shall pay the City the amount set forth on such invoice (the “*Additional Funds*”) within thirty (30) days of receipt thereof. If such funds are not so received, the City shall be relieved of any and all obligations hereunder until paid or may terminate this Agreement pursuant to **Section 8**.

B. The City and the Developer agree that the Developer shall reimburse the City for its actual out-of-pocket expenses necessary to perform the City’s obligations hereunder, using special legal counsel, a financial advisor and/or other consultants as approved according to this paragraph. The City shall advise the Developer in writing in advance if it intends to utilize the services of any other consultants, other than special legal counsel (Gilmore & Bell, P.C.) and financial advisor (Columbia Capital), to perform its obligations under the terms of this Agreement. Such written agreement shall include the name of the consultant, the service to be preformed and an estimate of the cost expected.

C. Both the City and the Developer acknowledge that expenses incurred by the City may exceed the initial deposit of \$50,000.00. Notwithstanding the foregoing or anything in this Agreement to the contrary, the Developer may, at any time, determine not to pay Additional Funds by providing the City with written notice that the Developer will no longer pay any expenses in excess of the total expenses incurred on the date the City receives notice of the Developer’s decision not to proceed. The Developer shall pay all such expense incurred before the Developer’s notice to the City of the decision not to proceed.

The City may treat such election by Developer not to pay Additional Funds as Developer's election to withdraw any pending application for Potential Incentives.

4. Disbursement of Funds.

The City shall timely disburse the Deposit and Additional Funds for reimbursement of costs to the City, and for consulting fees and the payment of all out-of-pocket expenses incurred by the City in connection with the performance of its obligations under this Agreement as payment for such expenses as they become due. The City shall send to the Developer a copy of the record for each disbursement made pursuant to this Agreement.

5. Reimbursement from TIF and Special Taxing Districts

If tax increment financing or special taxing districts are approved and the Developer is selected to implement the Redevelopment Project, the Developer shall be entitled to reimbursement of the Deposit and any Additional Funds from tax increment financing and special taxing district revenues or the proceeds of any notes or bonds issued to finance the Redevelopment Project to the extent permitted by law.

6. Application Administration.

In addition to the services set forth in **Section 1**, the City may be required to provide services from time to time for the continuing administration of the Incentive Documents. Upon appropriate itemization, the City shall be reimbursed by the Developer for actual meeting expenses and other third-party expenses that are reasonable or incidental to the general operations of the City with respect to administration of the Incentive Documents and any development related thereto, but specifically excluding any amount attributable to the time of any salaried staff member of the City. The provisions of this section shall apply until such time as the City and the Developer agree to and execute a Development Agreement between the Developer and the City.

7. Legal Representation.

The Developer understands and acknowledges that this arrangement is an accommodation to the Developer in which the City's special legal counsel is not providing legal representation to the Developer and that no attorney-client relationship between the Developer and the City's special legal counsel shall exist by any reason including, but not limited to, the Developer's payment of the City's legal expenses. The Developer further understands that legal counsel paid pursuant to this Agreement is legal counsel for the City and acknowledges the duties of said counsel to the City of confidentiality and loyalty.

8. Termination.

A. In the event the Developer fails to perform any of its obligations herein, the City may terminate this Agreement, at its sole discretion if the Developer fails to cure the default within ten (10) days after written notice to the Developer of the default. Upon such termination, the City shall retain the Deposit and Additional Funds, if any, necessary to reimburse the City for all expenses incurred under this Agreement to the date of termination.

B. The parties hereto acknowledge that the Developer may determine to abandon the Application at any time. Upon written notice of abandonment by the Developer, this Agreement shall terminate and the City shall retain the Deposit and Additional Funds, if any, necessary to reimburse the City for all expenses incurred under this Agreement up to the date of termination.

C. Upon termination of this Agreement, in the event the Deposit and Additional Funds are insufficient to reimburse the City for the outstanding expenses of the City payable hereunder, the Developer shall reimburse the City as set forth in **Section 3**. After termination of this Agreement, any amounts remaining from the Deposit and the Additional Funds after all amounts have either been paid as directed by, or reimbursed to, the City shall be returned to the Developer within ten (10) days of the termination date.

D. This Agreement may be terminated by mutual agreement of the City and the Developer pursuant to a Development Agreement that is executed by the City and the Developer.

9. Subsequent Developers.

In the event the City selects another developer (the “Subsequent Developer”) pursuant to a request for proposals to carry out the Redevelopment Project, the City shall require the Subsequent Developer to assume all obligations of the Developer under this Agreement as of the date it is designated as the Developer and to reimburse the Developer for its expenditures under this Agreement, which must first be submitted to and approved by the City.

10. City Requirements and Prior Approval.

The Developer agrees to comply with all applicable laws and City ordinances, including, but not limited to, the City’s zoning ordinances, subdivision regulations and all planning or infrastructure requirements related to the development of Developer’s property. The parties agree that execution of this Agreement in no way constitutes a waiver of any requirements of applicable City ordinances or policies and does not in any way constitute prior approval of any future proposal for development, including the Application. The parties understand that the City may not lawfully contract away its police powers and that approval of the Application and any zoning, subdivision and similar development applications cannot be contractually guaranteed. This Agreement does not alter or diminish the City’s ability to exercise its legislative discretion to consider the Potential Incentives, Incentive Documents and all applicable laws with respect to development of the property.

Before a vote by the Board of Aldermen for approval or disapproval of any Potential Incentive or Incentive Document, the Developer shall deposit with the City, upon notice from the City, sufficient funds to pay all outstanding expenses incurred hereunder and such other funds as the City’s outside legal counsel and financial consultant may estimate are necessary for the completion of their services related Potential Incentive or Incentive Document approval.

11. Notice.

Any notice, approval, request or consent required by or asked to be given under this Agreement shall be in writing and deemed to have been given or made (a) three (3) business days after deposit with the United States Postal Service as registered or certified mail, postage prepaid, (b) upon delivery if delivered by hand, (c) electronic transmission (e-mail), or (d) one (1) business day after presented to a recognized overnight courier service (such as Federal Express), fee prepaid, for next day delivery, and in each case addressed as follows:

The City or Developer (each a “Party”) may specify that notice be addressed to any other person or address by giving to the other Party ten (10) days written notice of such change.

12. Miscellaneous.

A. Governing Law, Counterparts. This Agreement shall be governed by Missouri law and may be executed in counterparts.

B. Severability. If any provision of this Agreement shall be unenforceable, the remainder of this Agreement shall be enforced as if such provision were not contained in this Agreement.

C. No Waiver. Failure of any Party to this Agreement to enforce its rights pursuant to this Agreement shall not be deemed a waiver of any such rights.

D. Successors and Assigns. This Agreement may not be assigned by any Party without the prior written consent of all Parties. Access: Property has frontage on Nichols Road, Dude Ranch Road, and Dogwood Lane.

Analysis:

- 1) The applicants are the owners of the 18.99 acres in question. The property is currently zoned C-1 (General Commercial) and PUD for Commercial and Golf Course/Open Space uses. Because the golf course is no longer in operation, the previous owners have begun selling off the properties that were once part of the facility. The applicant purchased the subject property with the intent to repurpose the portion of the land, that is dedicated for golf course use, for a new boat sales and service location for their business and some additional single-family housing on the Dogwood Lane Frontage.
- 2) The applicant is requesting an amendment to the current PUD that expands both the Commercial and Residential uses within the subject area. The applicant is proposing to increase the commercial property, from the, approximately, 7.6 acres that exists today, to 11.06 acres and to also add an additional 3.83 acres of single-family property, or three additional lots, to the Dogwood Lane frontage.
- 3) The access into the commercial property will be derived from Nichols Road and Dude Ranch Road, while the residential will be accessed exclusively from Dogwood Lane
- 4) The character of surrounding development is mixed with mostly residential on the local streets with commercial uses scattered within the properties that front Nichols and Dude Ranch Road. It is also worth noting the nearly 200 acres of undeveloped land that was previously the location of the Sycamore Creek Golf Course. That property is currently available for purchase and will, without a doubt, be home to a mixed-use development in the coming future.
- 5) The proposed development will be required to meet the zoning code requirements of the specific zones that each use falls in unless otherwise listed with the PUD permitted uses. All construction is required to meet the Building Codes that have been adopted at the time in which the Building Permit is issued for each specific building. The Osage Beach Design Guidelines will be followed in the design and construction of the developmental services (sewer, water, streets, etc.).

Department Comments and Recommendations:

The PUD is a zoning tool to offer flexibility within the rigid zoning districts by allowing mixed-use developments that adhere to the goals and objectives of the Comprehensive Plan. In this situation we have a portion of the property that was once home to the Sycamore Creek Golf Course. Now that the golf facility is no longer in operation, we are seeing the properties purchased for new uses. In this case, the applicants are requesting to expand the commercial and residential uses, that were already approved for the subject property, into the portion of the land that was used for hole number 17 and its possible expansion. As part of this request, a 4.14-acre buffer property will remain between the commercial and residential properties leaving 300 to nearly 600 feet of wooded area between the proposed commercial property and the existing homes.

Keep in mind that once this request is approved, the only development that can take place within the PUD District are those that conform to the permitted uses and regulations of the PUD itself. This includes everything from facility construction to infrastructure development.

The Comprehensive Plan recommends moderate density residential for the subject property. It is worth noting that this property was rezoned under the previous Comprehensive Plan which at the time called for Low Density Single Family.

Keeping in mind the existing conditions of the subject property, I believe the proposed amendment will be a benefit to the developer while still accomplishing the goals of the community and protecting the surrounding property owners; **the Planning Department recommends approval of this request subject to the following provisions:**

Permitted Uses within the C-1 Property:

Boat sales and Service, retail sales and service facilities, restaurant, convenience, and office uses and their accessories as provided by the regulations of the C-1 Zoning District.

Any other proposed use that deviates from the uses permitted in the above-listed regulatory document will require an amendment to the approved PUD.

Permitted Uses within the R-1 Property:

Single-Family Residential as regulated by the R-1b Zoning District.

Access to the residential lots will be derived exclusively from Dogwood Lane.

Construction:

Construction shall be in accordance with the Building Codes as adopted by the City of Osage Beach at the time of Building Permit acquisition for each individual facility.

Bulk, Area, and Height Requirements:

Shall be in conformance with the Building Code, the final PUD document, and the Project Development Plan.

Public Facilities:

Engineering plans for water, streets, and sewer improvements will be submitted with the required permit applications or plats. These plans, including a drainage plan, must be submitted and approved prior to development. Coordination with the City Engineer is required to ensure that all public improvements are sized and designed to accommodate future phases of development and adjacent properties.

1. All required public improvements will be constructed by the applicants or subsequent owner(s). Financial assurances must be provided in conjunction with the preliminary and final plats.
2. Any infrastructure to be dedicated to the City of Osage Beach into any of the public systems must go through the required procedure for acceptance by the City.

Access:

Access shall be derived from Nichols and Dude Ranch Roads for the commercial uses and exclusively from Dogwood Lane for the residential uses. If street upgrade is required to provide capacity for the development, the developer will be responsible for the design and installation of the required infrastructure. All street construction or improvements to the existing roads must conform to the city design guidelines.

Parking:

All development shall, at minimum, adhere to Osage Beach off-street parking requirements.

Buffering and Screening:

Buffering and screening shall be required as per the Osage Beach Zoning Code for the C-1 (General Commercial) and surrounding zones. The buffer zone, between the commercial and residential properties, that is proposed in this request, must be maintained and cannot be developed.

Exterior Lighting:

1. Exterior lighting shall be designed, located and constructed to eliminate or significantly reduce glare and/or a general increase in lighting intensity within the adjoining existing residential area(s). Additionally, all exterior lighting shall be so arranged and shielded so as to confine all direct light rays within the boundaries of this district.
2. All street lighting proposed shall meet the City's standards for street lighting for the specific designation for each roadway (thoroughfare, collector, local etc.). Applicants should coordinate with the City's Engineering Department on street lighting installations.

Signage:

All signage within the PUD District will be required to meet the city sign code and a permit must be acquired from the city prior to construction or placement of all signage whether it is a development wide or individual facility sign.

Maintenance of Open Space and Common Areas:

The maintenance of common area and facilities within the district shall remain the responsibility of the developer(s) or shall be assumed by a legally constituted property owners association that meets all the legal requirements prescribed by the City Attorney.

Platting:

All development within this PUD must be platted in accordance with Osage Beach Subdivision Regulations. The uses permitted and the intensity of development as prescribed by the approval of this PUD shall not be subject to review during the platting process.

Final Development Plan:

1. A final PUD development plan for the property has been submitted to the Planning Department and is enclosed in your packet. The final development for the individual lots will be submitted and reviewed during the Building Permit process. The submitted document is in line with the recommendations within this report and is ready for the Planning Commission to review and make a recommendation to the Board of Aldermen.

Any necessary platting will require complete review and approval as specified in the City of Osage Beach Subdivision Code.

RE: RWK Real Estate LLC – Shamrock Subdivision PUD Modification

Dear Cary Patterson:

On behalf of RWK Real Estate, LLC, I respectfully request the modification of Sycamore Creek Subdivision, A Planned Unit Development, a 138.2-acre tract of land originally zoned as a PUD. The original PUD included Sycamore Creek Golf Course, Light Density Residential, Moderate Density Residential, High Traffic Commercial and Open Space – Golf Course. The property is located on the corner of Nichols Road and Dude Ranch Road. There are currently the remaining portions of Sycamore Creek Golf Course to the south within the PUD. There is also R-1 Single Family Residential to the West, North, and East.

The purpose of the rezone is to provide three R-1 residential lots and to modify a portion of the Open area into additional C-1 General Commercial Area, totaling 18.99 Acres. The C-1 General Commercial lot is proposed to have a 160' x 240' building. The building will be constructed within the setback requirements for C-1 and no variances will be necessary for the project. Immediate surrounding properties shall have a natural, vegetative buffer of at least 200 feet between them and the commercial building.

Water and Domestic Sewer collection will be provided by City of Osage Beach existing infrastructure.

This modification of the Sycamore Creek Subdivision, A Planned Unit Development is proposed to have little impact to surrounding area and provides a blended transition into the existing neighborhood.

Please feel free to contact me if you have any other questions.

Sincerely,

RE: Investment Management Proposal

Dear Ms. Bell,

Thank you for the opportunity to meet with you, Ms. Lake, and Ms. White, to discuss the City's investment management needs. We appreciated the chance to learn more about your goals and priorities.

Following our recent conversation and your request for additional information, Central Trust confirms that we have reviewed, understand, and agree to comply with the City of Osage Beach's Investment Policy, as amended on July 2, 2020. As noted in our meeting, Bruce Ring, CFA—one of our team members—played a key role in drafting the investment policy template for Missouri municipalities during his tenure with the State. His experience ensures a deep understanding of the policy's requirements and best practices.

To move forward, the City would need to execute Central Trust's Investment Management Agreement (attached), along with a few standard informational forms. Our proposed fee is a flat 8 basis points (0.08%), with no minimum balance requirements or transaction fees associated with the investment account.

Central Trust Company, a division of The Central Trust Bank, operates as a State Member Bank under Missouri Charter U00000277. We are regulated by the State of Missouri, Federal Reserve, and the Office of the Comptroller of the Currency. Our most recent registration with the Missouri Secretary of State is attached for your reference. Please note that we are not a broker/dealer and are therefore not required to register with FINRA. The NASD merged with the NYSE's regulatory division to form FINRA in 2007, but our fiduciary role exempts us from that registration requirement.

We have also included the 2024 Annual Report for our holding company. In addition to the references we've already provided, we are proud to currently manage funds for the City of Battlefield, Missouri, and the City of Clarkson Valley, Missouri.

We are truly grateful for the opportunity to earn your trust and to potentially serve the City of Osage Beach. Please don't hesitate to reach out with any questions or if additional information is needed.

Sincerely,

A handwritten signature in blue ink, which appears to read "Trenny Garrett", is positioned above the printed name.

Portfolio Management Philosophy and Process

Our responsibility to you as a Fiduciary is to manage your portfolio with the utmost care and bring a higher level of responsibility to you than what an investment broker or non-fiduciary will bring.

As your Fiduciary, we seek to provide you with the best market options available, and it is incumbent upon us to get you the best pricing/rates available in the market.

We go out into the market and review and compare offerings and purchase on your behalf the best alternative available to you regardless of the broker offering the product, we do not get paid commissions by you or the brokerage firm.

When structuring your portfolio, we take into consideration both short-term cash needs and long-term goals for the account.

We do not use a one-size fits all approach.

Portfolios are structured based on individual client needs and circumstances.

With governmental clients, we pay close attention to the principles of safety, liquidity, legality and return, in that order.

When investment cash becomes available, we enter the market on your behalf and evaluate the current conditions in the markets available to you. We look at things like spread, call options, option adjusted spreads and yield curve anomalies.

Once a thorough market review is conducted for the type of investment to pursue, we evaluate the available options and purchase the most appropriate.

When possible and appropriate, we may block trades up in size with other customers to obtain more favorable pricing.

Deep and thorough understanding of markets and debt instruments allow us to take advantage of specific market idiosyncrasies such as:

- “on the run” vs off
- When Issued vs outstanding
- Normal vs rare “spread situations”
- Bonds “trading special”
- Option adjusted spread analysis

PORTFOLIO CONSTRUCTION ASSUPTIONS

- There is a core amount of money which represents the minimum amount of money that will not be needed for use and will always remain in the portfolio. For this exercise, that amount is \$3mm. These funds are invested long term for yield enhancement.
- We have maintained a cash position of approximately \$500,000 for near future purchases as market conditions afford favorable opportunities.
- Portfolio is broken into three distinct buckets: Liquidity, laddered maturities and long maturities.
- Liquidity: provides near term cash needs and allows for strategic and tactical allocation of funds when market conditions present investment opportunities.
- Laddered maturities: provides a steady stream of liquidity for future needs and opportunities.
- Long maturities: provides yield enhancement in the portfolio and eventually become part of the ladder of maturities as they roll down the maturity schedule.
- Investments include a mixture of Treasury Bills and Notes, Agency bullet bonds and callable bonds.
- This is a representative example of bonds available as of June 5, 2025. It is merely intended to be used a sample structure to provide you with an idea of our structuring thoughts for the portfolio.
- All assumptions can be adjusted regarding core investment levels and liquidity needs.
- We have not provided a historic perspective of this portfolio as it would not be a fair representation of what would have happened. By looking backwards, our security selection would have been tainted by the fact that the potential market movements would already be known.
- YTM on this portfolio is estimated at 4.31% with a YTW of 4.28% with an option adjusted duration of 1.74.
- The maximum maturity on this portfolio is 5 years.
- We have assumed that the city has enough bank exposure with other cash so we have not included CD's as an investment option.
- All portfolio assumptions are adjustable to fit the city's needs.

THIS INVESTMENT MANAGEMENT AGREEMENT ("Agreement") is made by and between

CENTRAL TRUST COMPANY, a Division of The Central Trust Bank, ("Agent")

Owner agrees to promptly inform Agent if the information provided in the IPS becomes materially inaccurate, and to consult with Agent at least annually to provide updated information, if any, about the Owner's financial circumstances and investment objectives.

Brokerage	Agent will arrange for the execution of securities brokerage transactions for the Account through broker-dealers it selects. In selecting brokers, the determinative factor is not the lowest possible commission cost but whether the transaction represents favorable qualitative execution, taking into consideration the full range of a broker's services including execution capability, commission rates, firm integrity, access to markets and responsiveness. Accordingly, although Agent will seek competitive commission rates, Agent may not necessarily obtain the lowest possible commission rates for Account transactions. Owner acknowledges Agent may receive benefits from certain brokers. Transactions for the Account generally will be effected independently, unless Agent decides to purchase or sell the same securities for several clients at approximately the same time. Agent may (but is not obligated to) combine or "batch" such orders to obtain better execution, to negotiate more favorable commission rates or to allocate equitably among its clients differences in prices and commission or other transaction costs that might have been obtained had such orders been placed independently. Under this procedure, transactions will be averaged as to price and will be allocated among Agent's clients in proportion to the purchase and sale orders placed for each client account on any given day. Brokerage commissions and/or transaction fees charged to the Account for securities brokerage transactions are exclusive of, and in addition to, Agent's fees.
Interest, Dividends & Other Income; Disbursements	Interest, dividends and income payments for the Account will be posted to the Account on payable date. Foreign interest and dividends, and principal and interest on mortgage and note receipts will be posted to the Account as they are collected. Agent will rely on instructions received from Owner to direct disbursements and/or transfers from the Account.
Foreign Securities	With respect to securities issued outside the United States and for other securities for which adequate financial information is not readily available, Agent's responsibility as to all such securities is limited to safekeeping. Agent assumes no responsibility for following: coupon payments, dividends, interest, redemptions, exchanges, or similar matters affecting such securities. When Agent collects on foreign securities, all foreign currency will be converted to United States Dollars. Agent will use methods or agents as it deems appropriate to effect conversion. Agent will use its best efforts to obtain favorable tax status in all foreign jurisdictions; however, Agent will not be liable for taxes withheld by foreign jurisdictions while favorable tax status is being determined.
Registration of Assets	Owner agrees that Agent may hold the Assets in the ownership form that it deems most appropriate to serve the Account and may register Assets in Agent's name as agent, its nominee or their agents or assigns, including any depository or book entry system utilized by Agent for fiduciary assets.
Proxies	Agent may vote or abstain from voting on any securities in the Account in its sole discretion, unless otherwise directed in writing by Owner. In all cases, Agent reserves the right to sign any proxies and send them to Owner for voting.
Statements	Agent will provide periodic statements of the activity of the Account to Owner. Owner agrees that the Account statements furnished by Agent will be sufficient notice of securities transactions unless Owner makes a prior written request to Agent to receive a copy of each securities transaction confirmation statement (the "<u>Transaction Advice</u>") from Agent with respect to securities transactions executed for the Account. After receipt of such prior written request from Owner, Agent will send Owner a copy of each Transaction Advice on the date of the settlement of the securities transaction.
Cash Management	Owner specifically authorizes Agent to invest any cash balances and short term funds held in the Account in the default money market vehicle as defined by Agent. Various providers of money market funds or deposit accounts may be used and Agent may have relationships with these providers other than the use of these vehicles. Owner may direct Agent to invest in an alternate money market vehicle by completing the Alternate Money Market Vehicle Election in the Investment Management Account Owner Elections form.
Transfers & Appointment of Agents	Agent may make, execute, acknowledge and deliver all documents of transfer and conveyance and any and all other instruments that may be necessary or appropriate, and may generally perform all acts, whether or not expressly authorized, which Agent deems

necessary in connection with its performance under this Agreement. This shall include the appointment of agents by Agent to perform any of its duties under this Agreement.

Fees

Owner will compensate Agent for its services in accordance with Agent's published Fee Schedule in effect at the time services are rendered. Market value-based Account fees are computed and charged on a periodic basis, usually monthly, using the appropriate annual rates based on the number of days in the period. The Owner acknowledges and agrees that the fees in the Fee Schedule provided on the date of this Agreement will be in effect until 30 days after Agent has provided a notice to the Owner about a change in any of the fees and provides the Owner with a revised Fee Schedule.

Termination

This Agreement may be terminated at any time by Owner or Agent upon 30 days written notice to the other, and all cash and assets of every kind and nature in the Account, will be paid over, delivered or surrendered as it then exists, in whatever form that may be, in accordance with the written instructions of Owner. Termination will not affect any liabilities or other obligations of the Owner incurred or arising from transactions initiated under this Agreement prior to such termination. Transactions in progress prior to termination will be completed in the normal course of business unless otherwise directed by Owner.

Termination of this Agreement will not affect (i) the validity of any action previously taken by Agent under this Agreement; (ii) liabilities or obligations of the parties from transactions initiated before termination of this Agreement; or (iii) Owner's obligation to pay Agent's fees (pro-rated through the date of termination). Upon the termination of this Agreement, Owner will have no obligation to recommend or take any action with regard to the securities, cash or other investments in the Account.

Liability

Owner agrees that Agent will not be liable for any action, omission, information or recommendations in connection with the investments in the Account except for Agent's own gross negligence or willful misconduct. Agent will not be required to comply with any direction of the Owner which, in its judgment, may subject it to liability or unreasonable expense or to prosecute or defend any action, unless indemnified by the Owner in a manner and amount satisfactory to Agent. Agent will have the right at any time to exclude from its service such of the Assets as it believes it cannot adequately review or follow. Agent subscribes to and relies upon certain financial reporting services that inform it of any payment on or redemption of conventional securities. If information about such payment or redemption of a security held in the Account is not published in the financial reporting services to which it subscribes, Agent will have no liability for any loss or damage occasioned by a delay in the receipt of such information.

Owner agrees to indemnify and hold Agent harmless from and to reimburse Agent for any expenses (including Agent's compensation) and liabilities incurred by Agent while acting in accordance with the terms of this Agreement and which do not result from Agent's gross negligence, bad faith or willful misconduct.

Representations

Owner represents that (i) Owner has full power and authority to enter into this Agreement, (ii) the terms hereof do not violate any obligation by which Owner is bound, whether arising by contract, operation of law, or otherwise, and (iii) this Agreement has been duly authorized and will be binding according to its terms. If this Agreement is entered into by a trustee or other fiduciary, such trustee or fiduciary represents that the services to be provided by Agent are within the scope of the services and investments authorized by the governing instruments of, and laws and regulations applicable to, the Owner, and that such trustee or fiduciary is duly authorized to enter into this Agreement.

Directions

Notwithstanding any other provision of this Agreement, Agent may accept the oral directions of Owner, including directions from telephone conversations, which the officers and employees of Agent reasonably believe to be from Owner. Owner agrees to hold Agent harmless from any claim arising from Agent's good-faith reliance on such direction. Agent may refuse to accept any oral direction which it believes to be of a subject matter best documented by the written direction of Owner. Owner agrees to confirm in writing Owner's oral directions, if such confirmation is requested by Agent. Owner agrees that directions requiring a timely response will be delivered in person or by personal telephone conversation.

Agent may accept directions of Owner provided by electronic mail ("e-mail") when such e-mail is received from an e-mail address specified by Owner at the time of executing

this Agreement, or as later specified in writing by Owner, as the only e-mail address(es) from which such electronic directions should be accepted. Owner agrees to notify Agent in writing of any change(s) to the authorized e-mail addresses as designated in the Investment Management Account Owner Elections form. Owner agrees to hold Agent harmless from any claim arising from Agent's good-faith reliance on such directions. Agent may refuse to accept any electronic direction which it believes to be of a subject matter best documented by the written direction of Owner. Owner understands that instructions delivered by e-mail or voice mail may be subject to a delay, and Owner agrees to hold Agent harmless from any claim arising from instructions delivered in this manner.

Trust Documentation	If Owner of the Account is a trust, Owner represents that it has provided Agent with a copy of the trust agreement or other governing document. In lieu of providing a copy of the trust agreement, Owner may execute the Trust Certification form provided by Agent. Owner acknowledges that the completion of this form will require a review of pertinent portions of the trust agreement by Agent. Furthermore, the trustee or other fiduciary of the trust agrees to immediately disclose to Agent any material change in his or her authority or the propriety of maintaining the Account.
Joint Accounts	Where there are joint Owners, each joint Owner, by signing this Agreement, agrees that Agent, or its agent, may take instructions and directions from any joint Owner, and each joint Owner agrees, jointly and severally, to relieve Agent from any loss or other liability resulting from such action. Unless indicated otherwise in the opening paragraph of this Agreement, the Account will be held by joint owners as joint tenants with rights of survivorship; provided, however, that when the joint owners are legally married, the Account will be held by them as tenants by the entirety if the State in which they are domiciled recognizes such form of ownership and unless an alternative form of ownership is indicated in the opening paragraph of this Agreement.
Confidentiality	Except as otherwise agreed in writing or as permitted or required by law, Agent will exercise reasonable care with respect to keeping confidential all Owner information. However, by signing this Agreement, Owner authorizes Agent to give a copy of this Agreement and the Authorizing Instrument to any broker, dealer or other party to a transaction for the Account as evidence of Agent's power of attorney and authority to act on Owner's behalf with respect to the Account. In addition, Owner grants Agent authority to discuss, disclose, and provide confidential Account or Owner information to outside attorneys, auditors, consultants and any other professional advisors retained by Agent to assist in the management of this Agreement and the Account.
Service to Others	Owner understands and agrees that Agent provides similar services for other clients. Owner further understands that Agent or its affiliates may take investment action on behalf of such other clients, or for Agent and/or its employees' own accounts that differ from investment action taken on behalf of the Account. If the purchase or sale of securities for the Account and for one or more of such other clients is to be completed at or about the same time, the transactions in such securities will be allocated among the several clients in a manner deemed equitable by Agent.
Venue; Choice of Law	Any proceeding arising out of or relating to this Agreement (" <u>Proceeding</u> ") must be brought in the courts of the State of Missouri, County of St. Louis, or the United States District Court for the Eastern District of Missouri (collectively, the " <u>Courts</u> "). Each of the parties to this Agreement irrevocably submits to the exclusive jurisdiction of any of the Courts in any Proceeding, waives any objection that it may now or hereafter have to venue or to convenience of forum, agrees that all claims in respect of any Proceeding shall be heard and determined only in any of the Courts and agrees not to bring any Proceeding arising out of or relating to this Agreement in any other court. The parties to this Agreement agree that either or both of them may file a copy of this Agreement with any court as written evidence of the knowing, voluntary and bargained agreement between the parties to irrevocably waive any objections to venue or to convenience of forum. The parties agree that the terms of this Agreement will be construed under Missouri law, without regard to that state's conflicts of laws provisions.
Validity	If any part of this Agreement is found to be invalid or unenforceable, it will not affect the validity or enforceability of the remainder of this Agreement.

Amendments	Agent will have the right to amend this Agreement by modifying or rescinding any of its existing provisions or by adding new provisions. Any such amendment shall be effective 30 days after Agent has mailed the Owner a notice of such amendment, or such later date as is established by Agent.
Successors and Assigns	This Agreement will bind and inure to the benefit of and be enforceable by Agent and the Owner, and their respective successors and assigns.
Required Disclosures	USA PATRIOT ACT OF 2001 IMPORTANT INFORMATION ABOUT PROCEDURES FOR OPENING A NEW ACCOUNT - To help the government fight the funding of terrorism and money laundering activities, Federal law requires all financial institutions to obtain, verify, and record information that identifies each person who opens an account. What this means for the Owner: when Owner opens the Account, Agent will ask for Owner's name, physical address, date of birth and other information that will allow Agent to identify Owner. Agent may also ask to see Owner's driver's license or other identifying documents. PRIVACY NOTICE Owner acknowledges receiving an electronic copy of Agent's Privacy Notice that discloses how Agent collects, shares and protects Owner's personal information. MONEY MARKET FUND Under "Cash Management," Owner specifically authorizes Agent to invest any cash balances and short term funds in the default money market vehicle as defined by Agent. From time to time a portion of this vehicle may consist of deposits in The Central Trust Bank. In no event will the amount of funds deposited in the bank exceed the current FDIC coverage limit. The interest paid on affiliate deposits will be equivalent to or greater than that paid by the alternative taxable fund. MUTUAL FUNDS Mutual funds recommended by Agent do not generate additional revenue for Agent. However, some mutual funds which are held in Owner's account may pay additional compensation sometimes referred to as "revenue sharing" or "12(b)-1 fees". Any compensation of this nature that is received is directed to Agent's mutual fund custodian to offset its bill for processing transactions. UNLAWFUL INTERNET GAMBLING NOTICE In accordance with the requirements of the Unlawful Internet Gambling Enforcement Act of 2006 (the "<u>Act</u>") and Regulation GG, this notification is to inform Owner that restricted transactions in the business of unlawful internet gambling concerning betting or wagering as defined in the Act are prohibited from being processed through Owner's account or relationship with Agent. Restricted transactions are those transactions in which a person and/or business accepts credit, funds, instruments or other similar proceeds from another person in connection with unlawful internet gambling. As defined in Regulation GG, unlawful internet gambling means "to place, receive or otherwise knowingly transmit a bet or wager by any means which involves the use, at least in part, of the Internet where such bet or wager is unlawful under any applicable Federal or State law in the State or Tribal lands in which the bet or wager is initiated, received or otherwise made." As Owner, these restricted transactions are prohibited from being processed through Owner's Account or relationship with Agent. If Owner engages in an internet gambling business, opens an additional account with Agent or there is a change in Owner's business activity that permits such activity, Owner agrees to notify Agent. In addition, Owner will be asked to provide evidence of Owner's legal capacity to do so. Owner certifies that this Account will not be utilized for transactions designated as illegal under Regulation GG and the Act.
Miscellaneous	Owner has made certain elections in the Investment Management Account Owner Elections form and may revoke or amend them upon written notice to Agent. If any part of this Agreement is found to be invalid or unenforceable, it will not affect the validity or enforceability of the remainder of this Agreement.

Agent has the right to amend this Agreement by modifying or rescinding any of its existing provisions or by adding new provisions. Any such amendment will be effective 30 days after Agent has mailed the Owner a notice of such amendment, or such later date as is established by Agent.

This Agreement will bind and inure to the benefit of and be enforceable by Agent and the Owner, and their respective successors and assigns.

Re: Fleet Budget Amendment

As Public Works develops programs and policies for effective asset management such as fleet and a vehicle and equipment replacement program (VERP), we have experienced significant repairs to assets this year that require an amendment to the 2025 budget so that there are funds to support the fleet for the remainder of the year.

Rob Long and the other foremen have done a commendable job managing the assets and frankly, City leadership has done a good job of supporting them through the budget over the recent past. The average age of the vehicles is between four and seven years in the water, sewer and streets divisions. Streets would be as good as water and sewer if not for a few vehicles. Equipment is not as good, regarding the average age, but it is great to know the team does have, for the most part, the right equipment. The team is looking to add equipment in near term budget years that enhance its ability to tackle maintenance in a bigger way, particularly in streets.

This team is very resourceful and has a broad knowledge and skill set so they do a commendable job of basic mechanics work to keep the fleet going and then send work to various businesses in the area as needed. Of course, the weakness is that there is not a legitimate fleet management component: in-house mechanics, space and equipment, or an adopted VERP. There is a new employee that has proven to a valuable asset as he has good experience as a “mechanic” but that is not the role he was hired for.

Consequently, there is a higher risk that vehicles and equipment will fail requiring costly repairs. There has been significant failures with a backhoe (motor), skid-steer (motor), ditch-witch (motor), and two trucks (both motors). These alone cost roughly \$70,000 this year.

I am recommending the Vehicle Maintenance and Equipment Repairs line items be funded with an additional \$50,000 and \$40,000, respectively, to anticipate maintenance needs for the remainder of the year. By the way, the Public Works team is developing a VERP for your consideration.

Re: Odor Control Budget Adjustment

As Chris Duncan and his team experiment with the “bugs” in the sewer system to mitigate odors from various lift stations, the annual costs for doing so, are undetermined as of yet. We have two recent invoices we are not sure are paid yet and we know we need to order more bugs soon. We are now estimating around \$115,000 total for the end of the year. We believe we will spend less in 2026 because we believe stability is on the horizon regarding odors.

These incurred expenses put us close to budgeted funds or more likely well over, depending on what has been paid. In any case, we know we will need to make an adjustment asap. We are suggesting we transfer \$60,000 from the “Repair of System”, 00-743300 line item where Chris anticipates there are sufficient funds to finish the year. Of course, with this sewer system that includes so many lift stations and grinder stations, it is difficult to be certain.

We are very optimistic the “bugs” are a big part of the solution to the odor problems, along with updates and changes we anticipate making in the pumping program over the next few years.

RESOLUTION 2025-07

A RESOLUTION OF THE BOARD OF ALDERMEN OF THE CITY OF OSAGE BEACH, MISSOURI, STATING FACTS AND REASONS FOR THE NECESSITY FOR THE TRANSFER FUNDS IN BUDGET FOR THE FISCAL YEAR 2025 TO COVER SEWER EXPENDITURES.

WHEREAS, the transfer of funds within the sewer fund from Repair of System to Odor Control related to the new odor control measures and;

WHEREAS, a budget amendment is necessary for the proper administration, documentation, and increased expense referenced above.

NOW THEREFORE, BE IT RESOLVED BY THE BOARD OF ALDERMEN OF THE CITY OF OSAGE BEACH, MISSOURI, AS FOLLOWS:

Section 1. The Board of Aldermen of the City of Osage Beach, Missouri hereby authorizes a transfer of funds from Repair of System to Odor Control in the amount of Sixty Thousand Dollars (\$60,000.00) in the budget for Fiscal Year 2025.

Section 2. This resolution shall be in full force and effect from and after its passage and approval

Memorandum

July 28, 2025

To: Devin Lake, City Administrator

From: Jeff Fisher, Director of Public Works

Re: Odor Control Budget Adjustment

As Chris Duncan and his team experiment with the “bugs” in the sewer system to mitigate odors from various lift stations, the annual costs for doing so, are undetermined as of yet. We have two recent invoices we are not sure are paid yet and we know we need to order more bugs soon. We are now estimating around \$115,000 total for the end of the year. We believe we will spend less in 2026 because we believe stability is on the horizon regarding odors.

These incurred expenses put us close to budgeted funds or more likely well over, depending on what has been paid. In any case, we know we will need to make an adjustment asap. We are suggesting we transfer \$60,000 from the “Repair of System”, 00-743300 line item where Chris anticipates there are sufficient funds to finish the year. Of course, with this sewer system that includes so many lift stations and grinder stations, it is difficult to be certain.

We are very optimistic the “bugs” are a big part of the solution to the odor problems, along with updates and changes we anticipate making in the pumping program over the next few years.

1. If an employee's position is reclassified from a lower pay level to a higher pay level, the employee's rate of pay will not be adjusted unless the reclassification results in the addition of substantial duties added to the job responsibilities; provided that an employee's rate of pay will be increased as necessary to ensure the employee is **at least at the** minimum of the pay band. **The pay increase will be determined by evaluating internal equity within the new pay band, taking into account factors such as comparable experience, performance, education, changes in FLSA status, and the applicable supervisory level. Under no circumstances will an employee be paid below the minimum or above the maximum of the approved pay range for the new position.**

2. If an employee's position is reclassified from a higher pay level to a lower pay level, the employee's rate of pay will not be adjusted unless the reclassification is the result of a demotion in which substantial duties are removed from the job responsibilities. In the event the reclassification is a demotion, the demotion procedures shall apply.

C. *Demotion.*

1. **Involuntary demotion.** The City Administrator may demote an employee ~~who is unable to perform his/ her required duties or~~ for disciplinary or operational purposes. This Chip-Seal component will be a pilot test to determine its use in future pavement maintenance. The OB Pkwy work may be performed at night to minimize traffic disruptions and increase safety. NOW, THEREFORE, the condition of this obligation is such that, if Principal shall promptly make payment to all claimants as hereinafter defined, for all labor and material used or reasonably required for use in the performance of the Contract, then this obligation shall be void; otherwise it shall remain in full force and effect, subject, however, to the following conditions:

1. A claimant is defined as one having a direct contract with the Principal or with a Subcontractor of the Principal for labor, material, or both, used or reasonably required for use in the performance of the Contract, labor and material being constructed to include that part of water, gas, power, light, heat, oil, gasoline, telephone service or rental of equipment directly applicable to the Contract.

a. Unless claimant, other than one having a direct contract with the Principal, shall have given written notice to any two of the following: the Principal, the Obligee, or the Surety above named, within ninety (90) days after such claimant did or performed the last of the work or labor, or furnished the last of the materials for which said claim is made, stating with substantial accuracy the amount claimed and the name of the party to whom the materials were furnished, or for whom the work or labor was done or performed. Such notice shall be served by mailing the same by registered mail or certified mail, postage prepaid, in an envelope addressed to the Principal, Obligee or Surety, at any place where an office is regularly maintained for the transaction of business, or served in any manner in which legal process may be served in the state in which the aforesaid project is located, save that such service need not be made by a public officer.

b. c. Other than in a state court of competent jurisdiction in and for Platte County, Missouri, or in the United States District Court for the Western District of Missouri, and not elsewhere.

The amount of this Bond shall be reduced by and to the extent of any payment or payments made in good faith hereunder, inclusive of the payment by Surety of mechanics' liens which may be filed or record against said improvement, whether or not claim for the amount of such lien be presented under and against this Bond.

Division 100 General Conditions of the Contract

SECTION 102 - BIDDING REQUIREMENTS AND CONDITIONS

Delete Section 102.2 "Contractor Questionnaire" in its entirety and substitute the following:

Qualification of Bidder: The Owner may make such investigations as she/he deems necessary to determine the ability of the bidder to perform the work, and the bidder shall furnish to the Owner all such information and data for this purpose as the Owner may request. The Owner reserves the right to reject any bid if the evidence submitted by, or investigation of, such bidder fails to satisfy the Owner that such bidder is properly qualified to carry out the obligations of the contract and to complete the work contemplated therein. Conditional bids may not be accepted.

SECTION 105 - CONTROL OF WORK

Modify Section 105.10 by adding the following as a second paragraph to this section:

Notice to close roads or interrupt traffic
Roadway preparation
All placing of surfacing materials

If any operation which affects the above mentioned items is to be performed on a Monday, notification must be made to the engineer by 12:00 p.m. of the preceding Friday. The lack of supervision or field observation by the engineer shall not relieve the contractor of the responsibility to construct the project according to the plans and specifications. Any work performed or materials used without authorization by the engineer may be ordered removed and replaced at the contractor's expense.

SECTION 106 - CONTROL OF MATERIAL

Delete Section 106.3 and substitute the following:

All sampling and testing required by the specifications shall be performed by the supplier in accordance with these specifications, and the results shall be signed, sealed and stamped according to laws related to professional engineers. There shall be no direct charge to the Owner for materials taken as samples, either for field tests or for laboratory tests. If a specification of a recognized national standard agency (ASTM, AASHTO, AWWA, AWS, etc.) is designated, the material may, unless otherwise specified, meet either the designated specification or the latest revision thereof in effect at the time of letting of the contract.

SECTION 109 - MEASUREMENT AND PAYMENT

Department Comments and Recommendation:

Fluoride has been added to public drinking water systems across the country for many decades. This became common practice to improve dental health for people who would benefit from it. Over time, other sources beyond naturally occurring levels in water have become prevalent and affordable to consumers. It is also known that over time, some health risks have been identified with higher levels of fluoride.
